This screenshot is identical to the one above, showing the same Google Docs document and file menu options. However, the "Add shortcut to Drive" option in the "Download" section of the menu is now highlighted with a red arrow.

Session:-1.2

The screenshot shows the Google homepage with a decorative illustration of a desert landscape at the top. A red arrow points to the 'Sheets' icon in the sidebar, which is part of the Google Apps suite. The sidebar also includes icons for Finance, Docs, Slides, Books, Keep, Classroom, Earth, Saved, Arts and ..., and Google Ads.

The screenshot shows the Google Sheets interface. At the top, there is a navigation bar with tabs for Advertising, Business, How Search works, Privacy, Terms, and Settings. Below the navigation bar, there is a search bar and a toolbar with various icons. The main area displays a 'Template gallery' with several pre-made spreadsheet templates. A red arrow points to the 'Blank spreadsheet' template, which features a green background and a yellow plus sign icon. Other templates shown include 'To-do list', 'Annual budget', 'Monthly budget', 'Google Finance Invest...', and 'Annual Calendar'. At the bottom, there are filters for 'Owned by anyone' and 'Last opened by me', along with sorting options (A-Z) and a folder icon.

The screenshot shows a Google search results page for the query "google". The top result is the official Google homepage. To the right of the search results, there is a large, semi-transparent callout box containing information about Google's products. A pink arrow points from the text "Finance" to the "Finance" icon in the grid. The callout includes sections for Google LLC (an American multinational technology company), Founders (Larry Page, Sergey Brin), Parent organization (Alphabet Inc.), CEO (Sundar Pichai), President (Ruth Porat), and various Google services like Slides, Books, Blogger, Keep, Classroom, Earth, and Google Ads.

Answer:-5

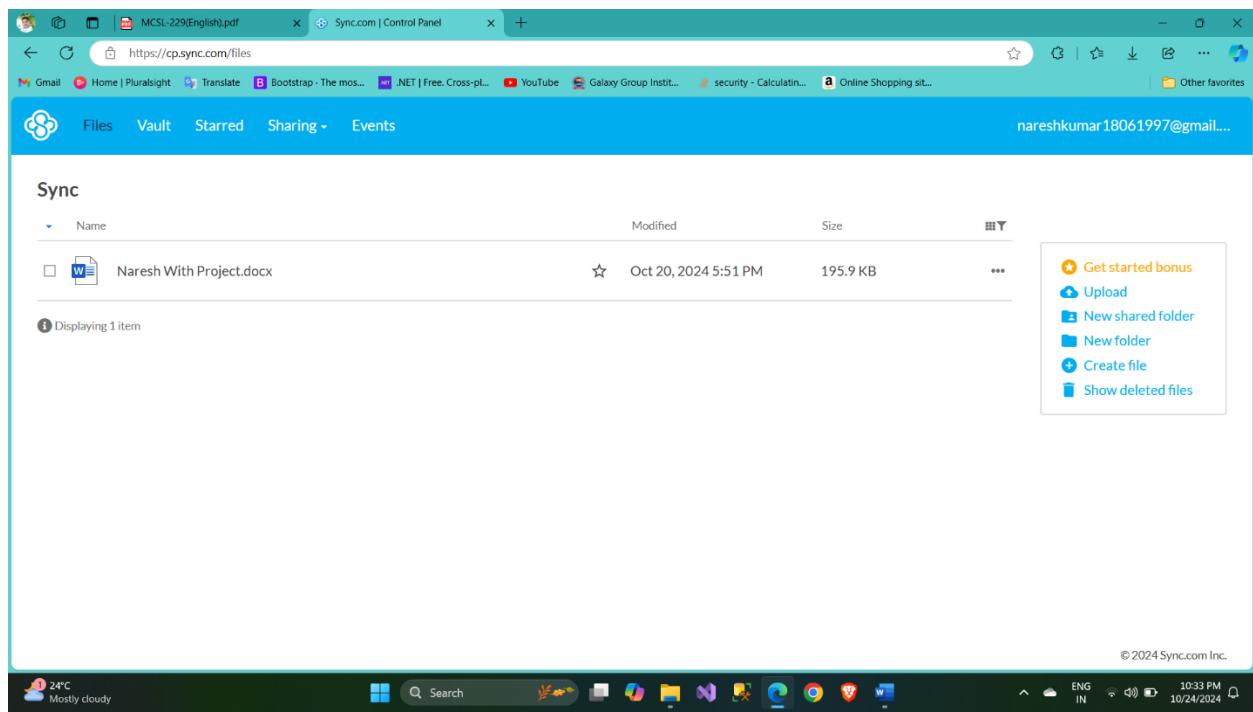

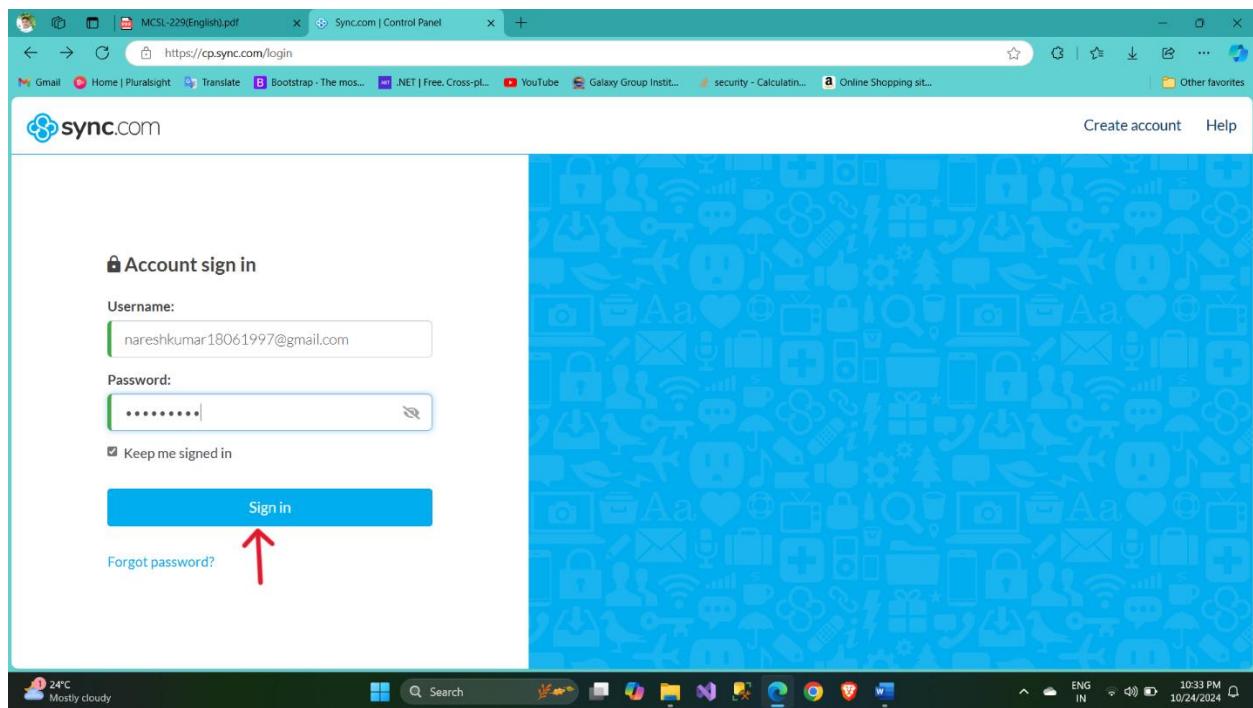

The screenshot shows the Box homepage. At the top right, there is a blue "Get started" button with a red arrow pointing directly at it. Below the header, the main heading reads "The Intelligent Content Cloud" in large, bold letters. Underneath, a sub-headline says "Secure collaboration, content management, and workflow — powered by AI". There are two buttons at the bottom of this section: a blue "Get started" button and a white "Contact us" button. The background features a blurred image of a computer screen displaying the Box interface.

The screenshot shows the Box pricing page. At the top right, there is a blue "Get started" button with a red arrow pointing at it. Below the header, the main heading reads "Choose the best plan for your business". There are three main plan options displayed: "Individual" (Free), "Personal Pro" (₹1,050 ₹785), and "Business Starter" (₹550 ₹410). Each plan has a "Sign Up" or "Buy now" button. A red arrow points to the "Sign up with Google" button located below the "Individual" plan. The page also includes a "Monthly" and "Annually" toggle switch, and a "Welcome to Box" chat window on the right side.

The screenshot shows the Box web interface. On the left, a sidebar includes sections for All Files, Recents, Notes, Canvas, Sign, Apps, and Trash. Below these are My Collections and Favorites, with a placeholder for dragging items. A 'Get Box Drive' button is also present. The main area displays 'All Files' with a search bar at the top. Under 'Recent Files', there's a thumbnail for 'Naresh With Pro...'. A table lists files: 'Naresh With Project.docx' was updated on Oct 20, 2024, by Naresh Kumar, and has a size of 195.9 KB. To the right of the table is a promotional box for 'E-sign docs with Box Sign', featuring a preview of a signed document and a 'Try It Now' button. The bottom status bar shows weather (24°C, Mostly cloudy), system icons, and the date/time (10/24/2024, 10:31 PM).

The screenshot shows a Google search results page for the query 'sync'. The top result is a link to 'Sync | Secure Cloud Storage, File Sharing and Document ...' with a red arrow pointing to it. Below the link, a snippet reads: 'Sync is a file storage, sharing, and collaboration platform that keeps you safe, secure and connected in the cloud.' Other search results include links for 'Download', 'The Sync desktop application', 'Free cloud storage', 'Pricing', and 'Secure Cloud Storage for ...'. At the bottom of the results, a link says 'More results from sync.com ». The status bar at the bottom shows weather (24°C, Mostly cloudy), system icons, and the date/time (10/24/2024, 10:31 PM).

Answer:- 6

The screenshot shows a YouTube channel page for 'GGN Rankers Academy'. The channel banner features a purple background with a yellow 'G.G.N. RANKERS ACADEMY' logo and the tagline 'Your Success is our Success'. The channel profile picture is a portrait of a woman playing a string instrument. The channel has 784 subscribers and 128 videos. The 'For You' section displays three video thumbnails. The top right corner of the browser window has a red arrow pointing to the user icon.

The screenshot shows the same YouTube channel page for 'GGN Rankers Academy'. A user menu is open on the right side of the screen, with a red arrow pointing to the 'YouTube Studio' option in the list. The menu also includes options like 'Google Account', 'Switch account', 'Sign out', 'Purchases and memberships', 'Your data in YouTube', 'Appearance: Device theme', 'Language: English', 'Restricted Mode: Off', 'Location: India', 'Keyboard shortcuts', 'Settings', and 'Help'.

The screenshot shows the YouTube Studio interface for a channel named "Light અંગરા".

Answer:-7

A screenshot of a Google search results page. The search query 'slide share' is entered in the search bar. The results show a link to SlideShare's website: <https://www.slideshare.net>. The snippet for this result reads: 'SlideShare: Share & Discover Presentations'. A red arrow points to this snippet. Below the snippet, there is a brief description: 'Discover, Share, and Present presentations and infographics with the world's largest professional content sharing community.' There are several other links listed below, including 'Login', 'Share & Discover Presentations', 'Upload & Share Presentations ...', and 'Presentations'. The browser interface shows various tabs open and a dark theme.

A screenshot of the SlideShare homepage (<https://www.slideshare.net>). The page features a large green banner with the text 'Get inspired to create something great.' and an image of a lit lightbulb. Above the banner, there is a search bar and a 'Download free for 30 days' button. A red arrow points to this button. Below the banner, there is a 'Featured' section displaying several presentation thumbnails. The thumbnails include titles like 'What Really Works In SEO & Content Marketing', 'Storytelling for the Web', 'GenAI Competitive Dynamics and Challenges', and 'How to Leverage AI to Boost Employee Wellness'. The browser interface shows various tabs open and a dark theme.

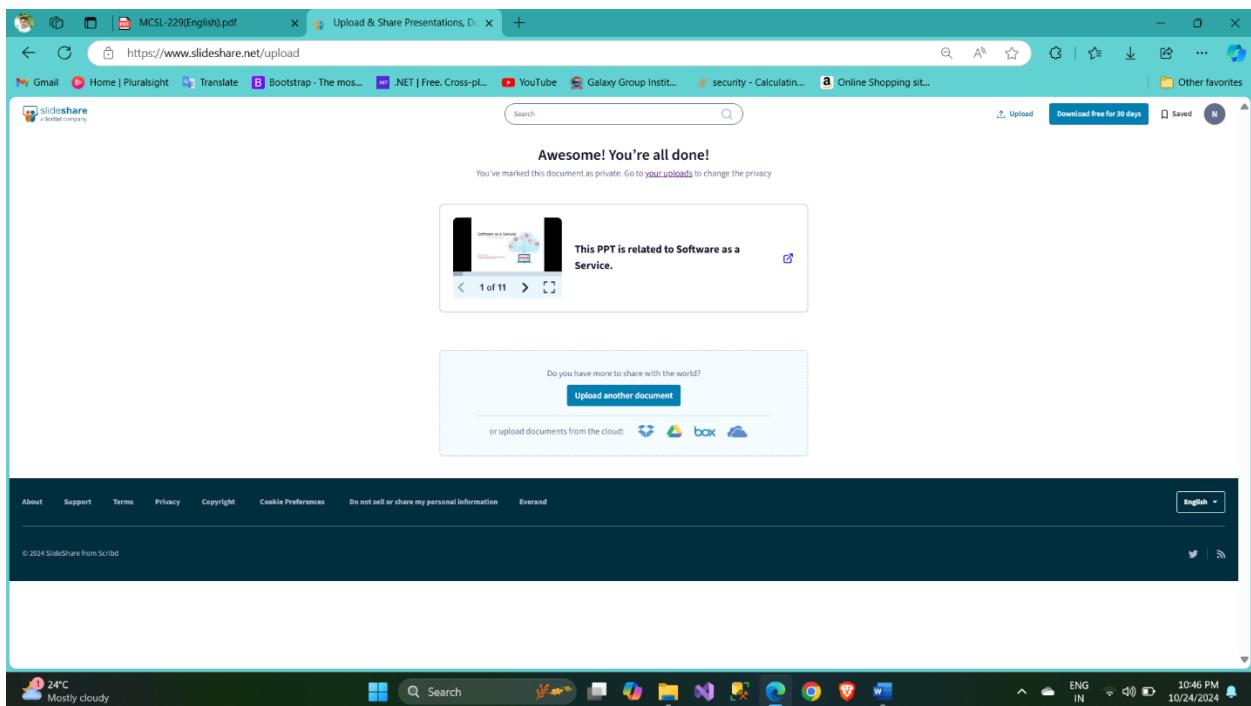

A screenshot of a web browser showing the Slideshare homepage. The URL in the address bar is <https://www.slideshare.net>. The page features a green background with a glowing lightbulb image and the text "Get inspired to create something great.". A user profile menu is open on the right side, showing options like "Saved", "My Uploads" (which is highlighted with a red arrow), "Analytics", and "Account Settings". The "My Uploads" option is currently selected. The browser taskbar at the bottom shows various pinned sites and the date/time as 10/24/2024.

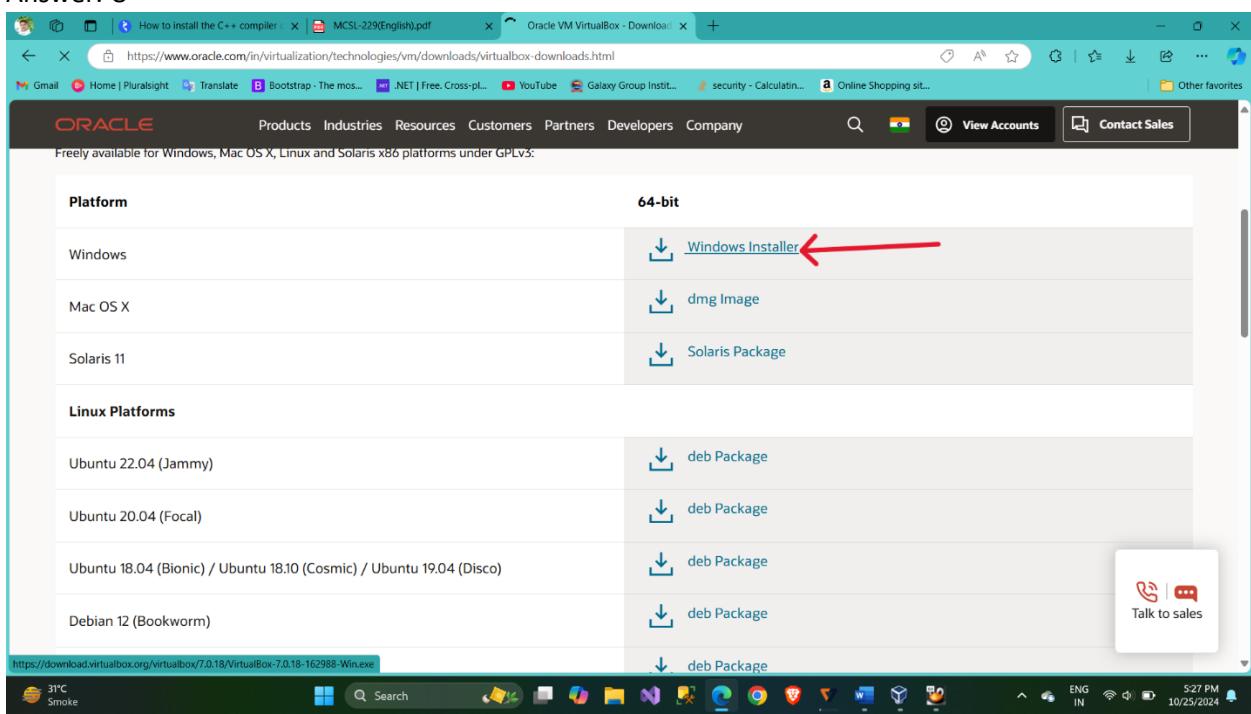

A screenshot of the "My Uploads" page on Slideshare. The URL in the address bar is https://www.slideshare.net/NareshKumar802064/edit_my_uploads. A message at the top states "We've updated our privacy policy. Click here to review the details." Below this, a section titled "My Uploads" shows a message "It looks like you haven't uploaded anything yet." with a blue "Upload a presentation" button. The browser taskbar at the bottom shows various pinned sites and the date/time as 10/24/2024.

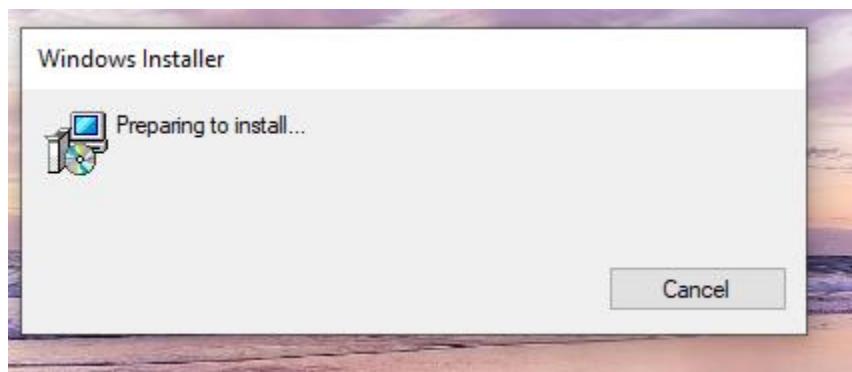

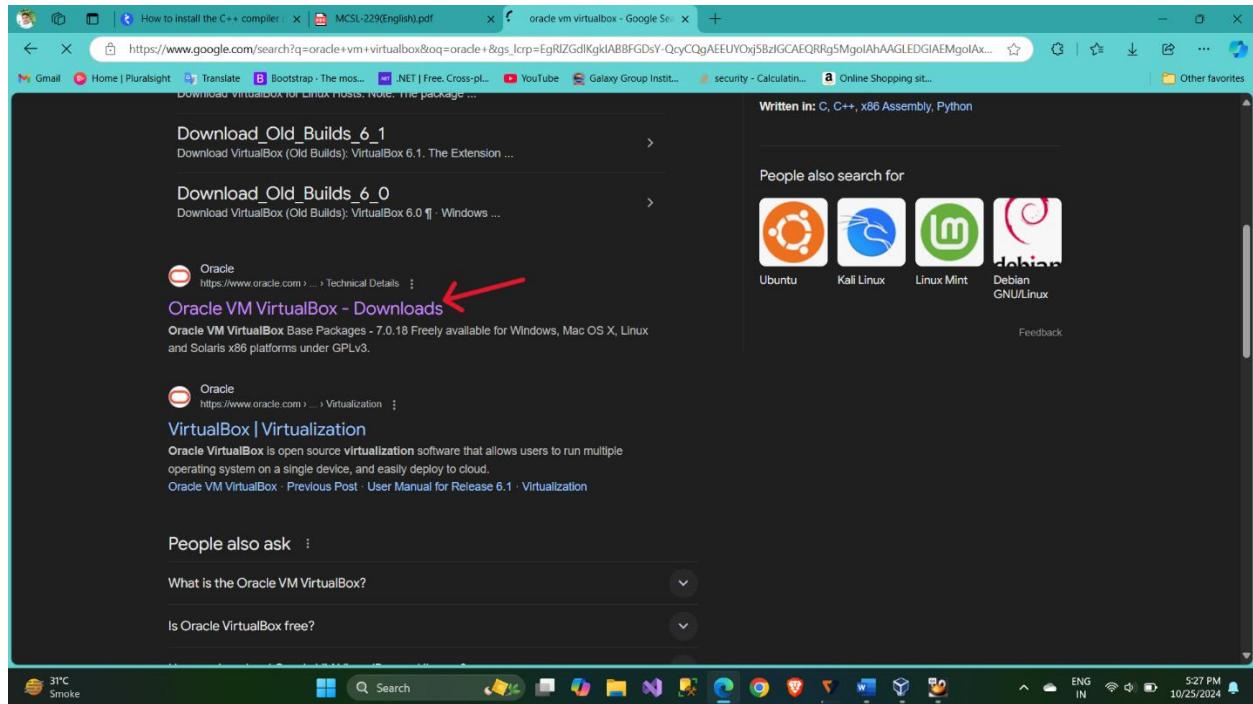

The screenshot shows the Slideshare upload interface. At the top, there's a search bar and a navigation bar with links like 'Upload & Share Presentations', 'Download free for 30 days', and 'Saved'. Below the search bar, a large central area says 'Upload and share with over 70 million people' and 'Presentations, Documents, Infographics, and more'. It features a 'Select documents to upload' button with a red arrow pointing to it, and a placeholder 'or drag & drop here'. Below this, there's a section for uploading from the cloud with icons for Google Drive, Box, and OneDrive. A note at the bottom specifies supported file types: PowerPoint (PPT, PPTX, PPSX, POTX), PDF, Word (DOC, DOCX), and Excel (XLS, XLSX). A link to the 'SlideShare Uploader Agreement' is also present.

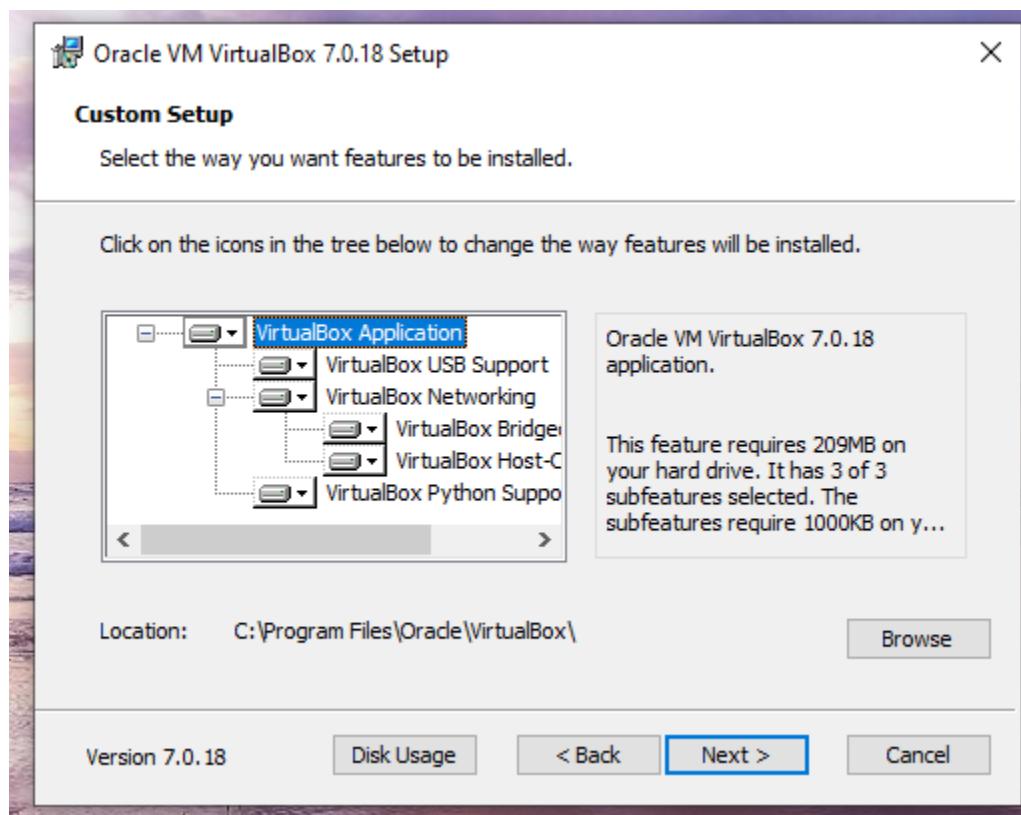

The screenshot shows the Slideshare upload interface after a file has been selected. The main area now displays the uploaded file thumbnail, title ('MCSL229_Q1C.pptx'), and size ('0.98 Mb'). Below the thumbnail, there are fields for 'Title' (containing 'is related to Software as a Service') and 'Category' (set to 'Education'). There are also 'Description' and 'Tags' fields, and a 'Privacy' dropdown set to 'Private'. At the bottom, there's a 'Discoverability Score' section with a note about increasing score through category selection and description. A red arrow points to the 'Publish' button, which is highlighted in blue.

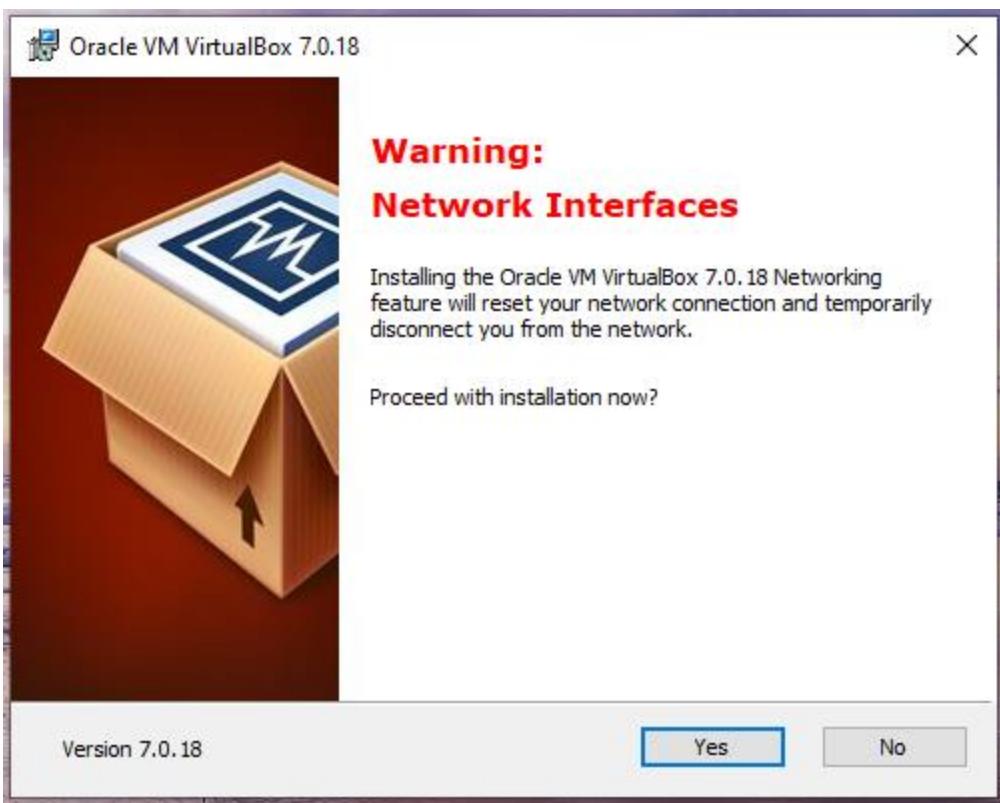

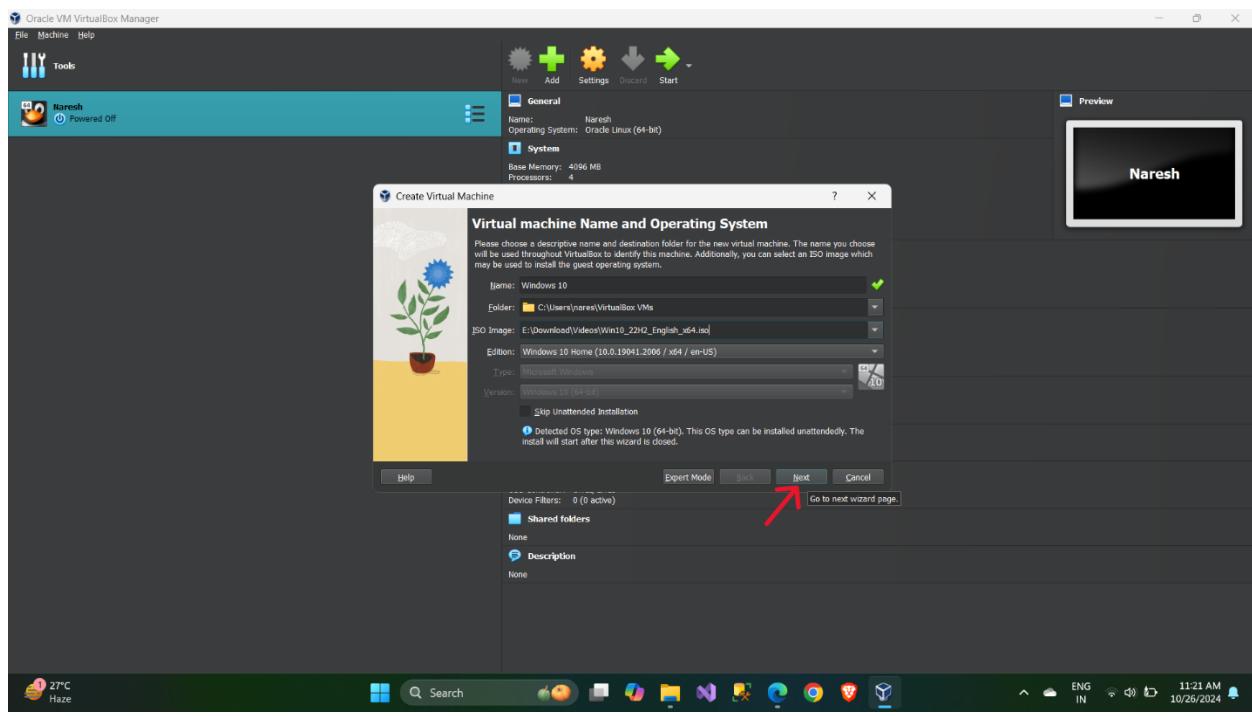

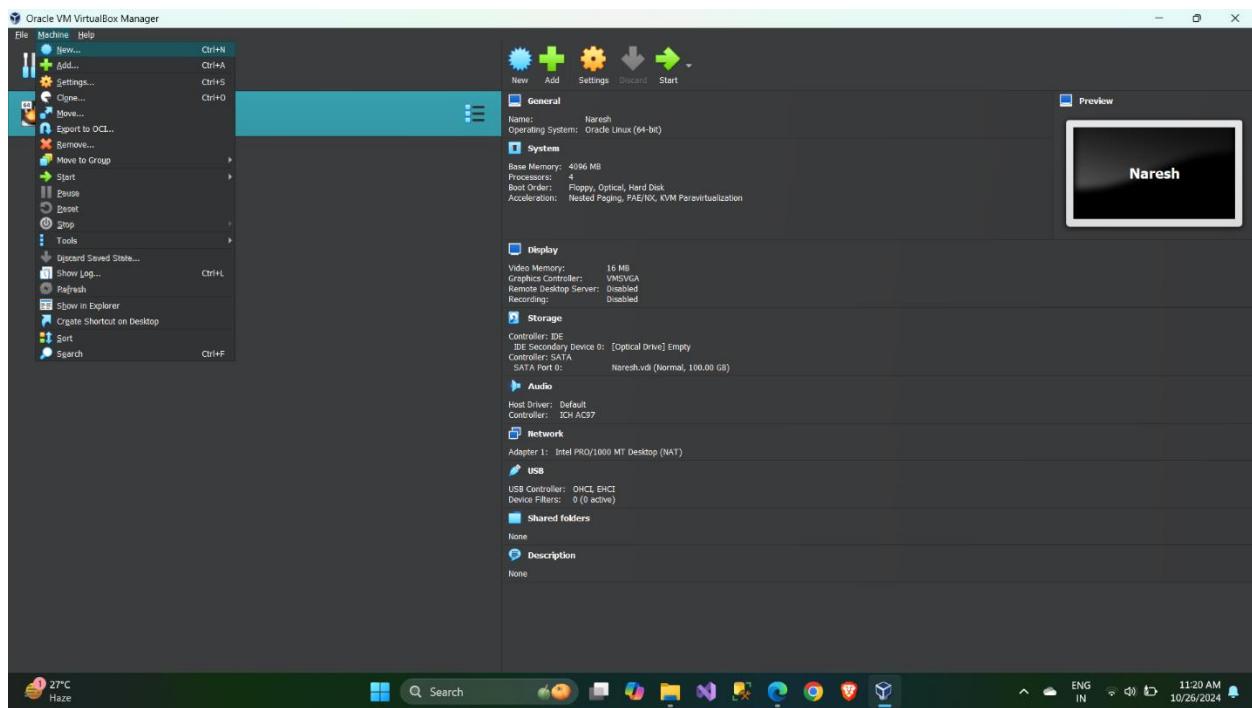

Answer:-8

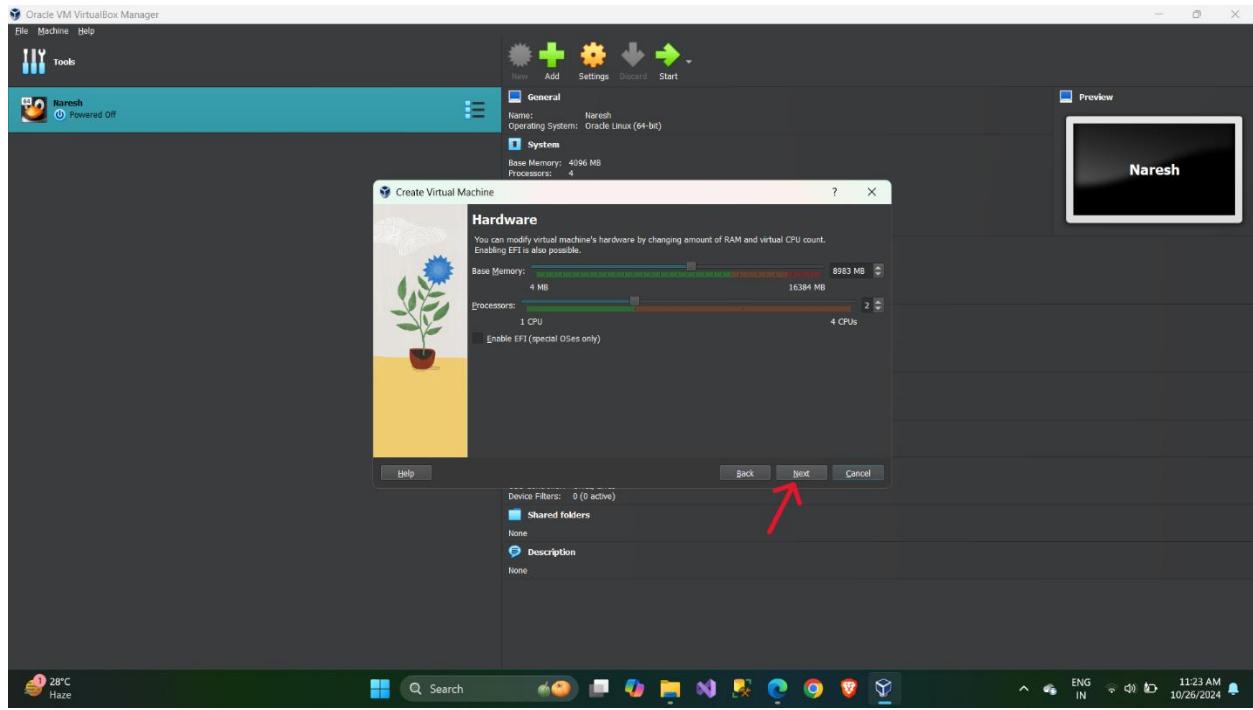

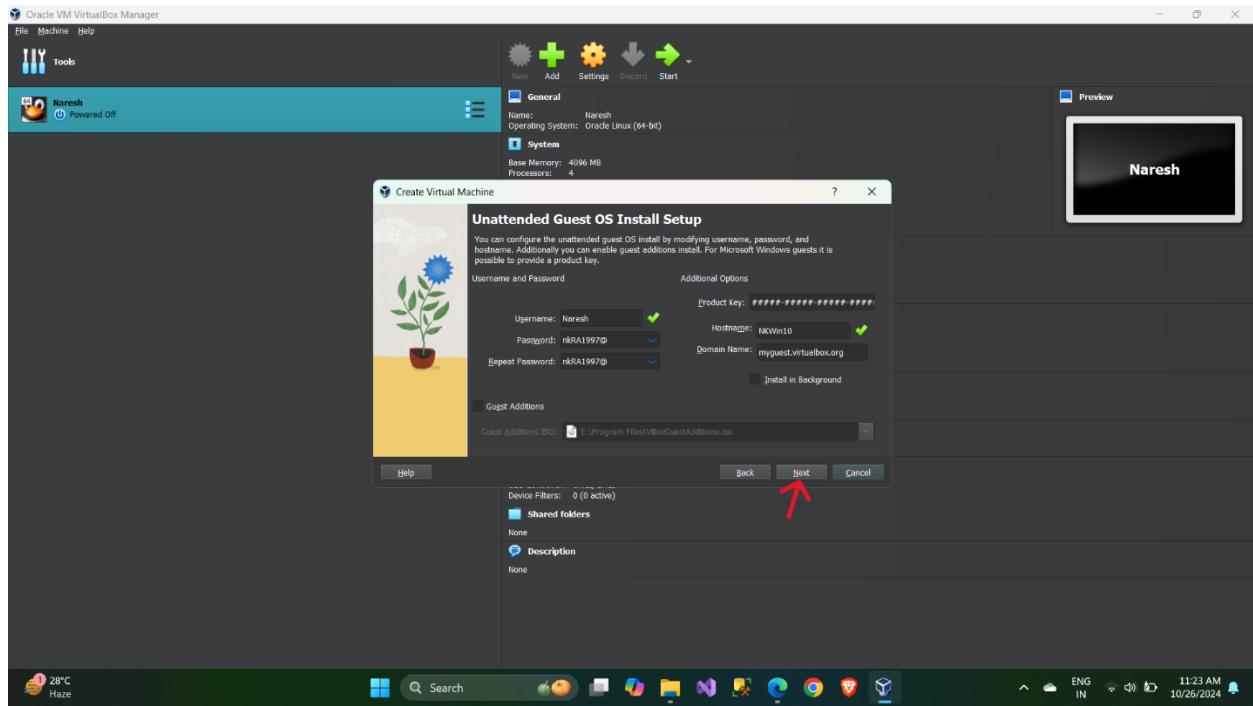

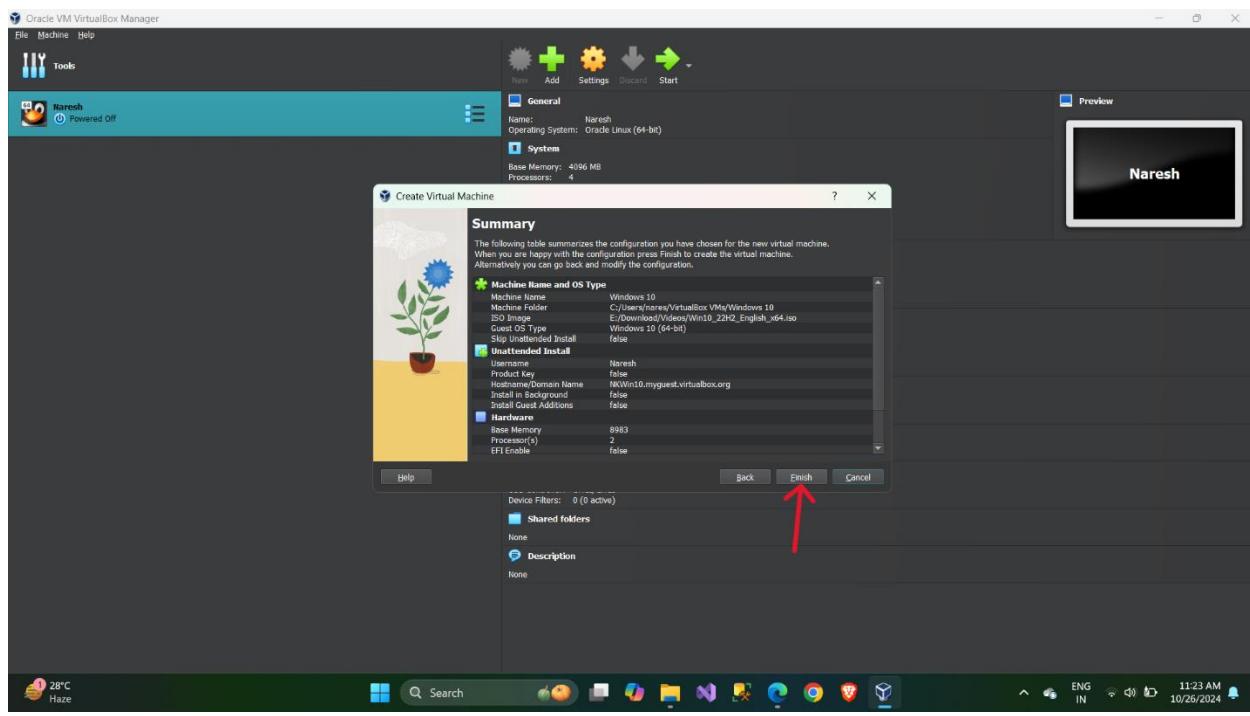

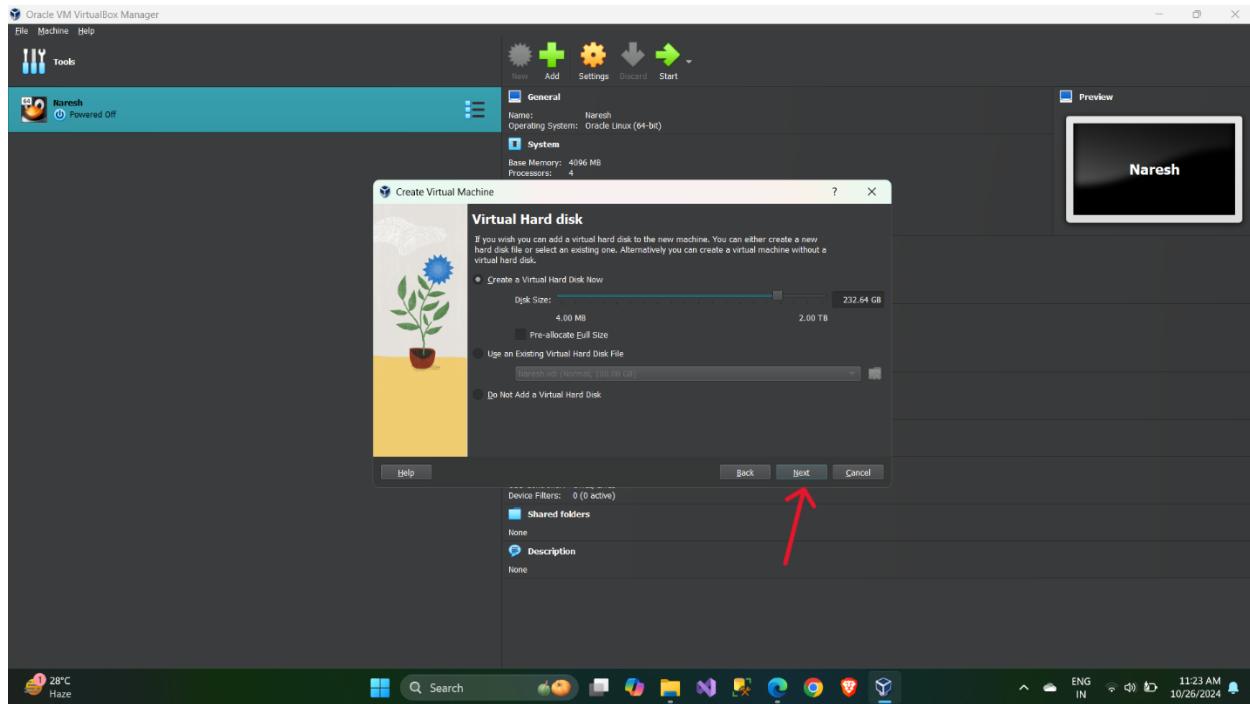

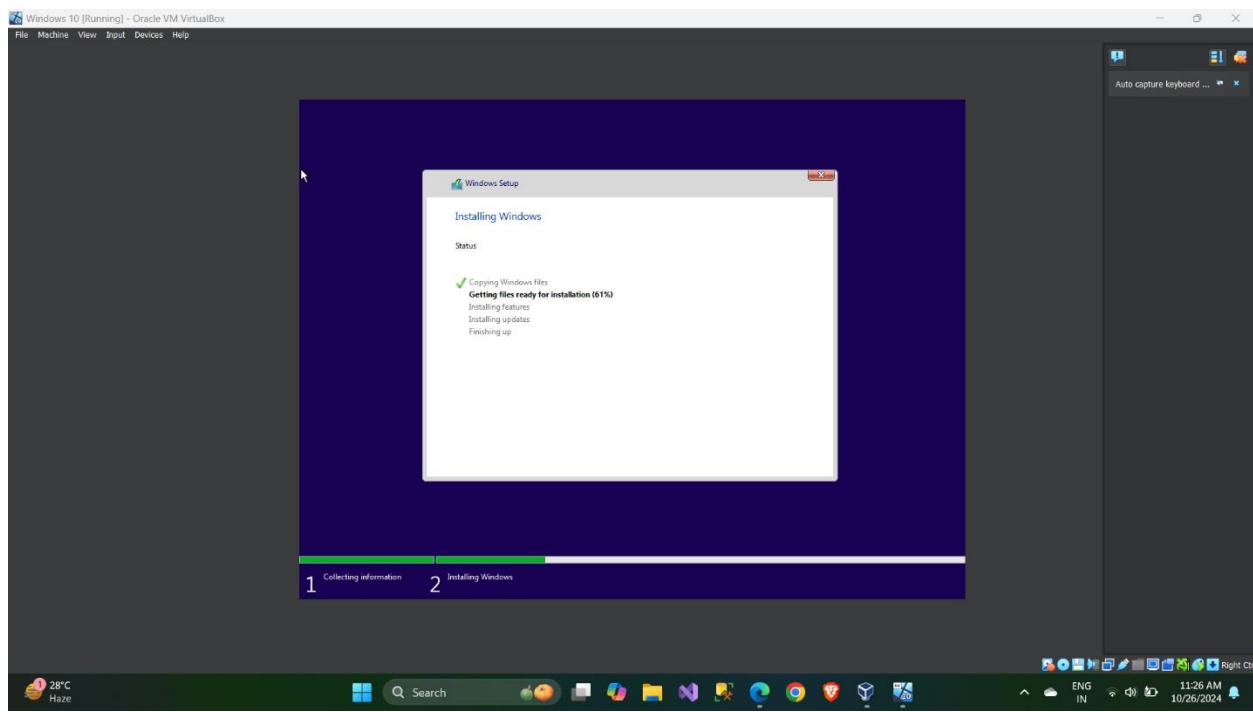

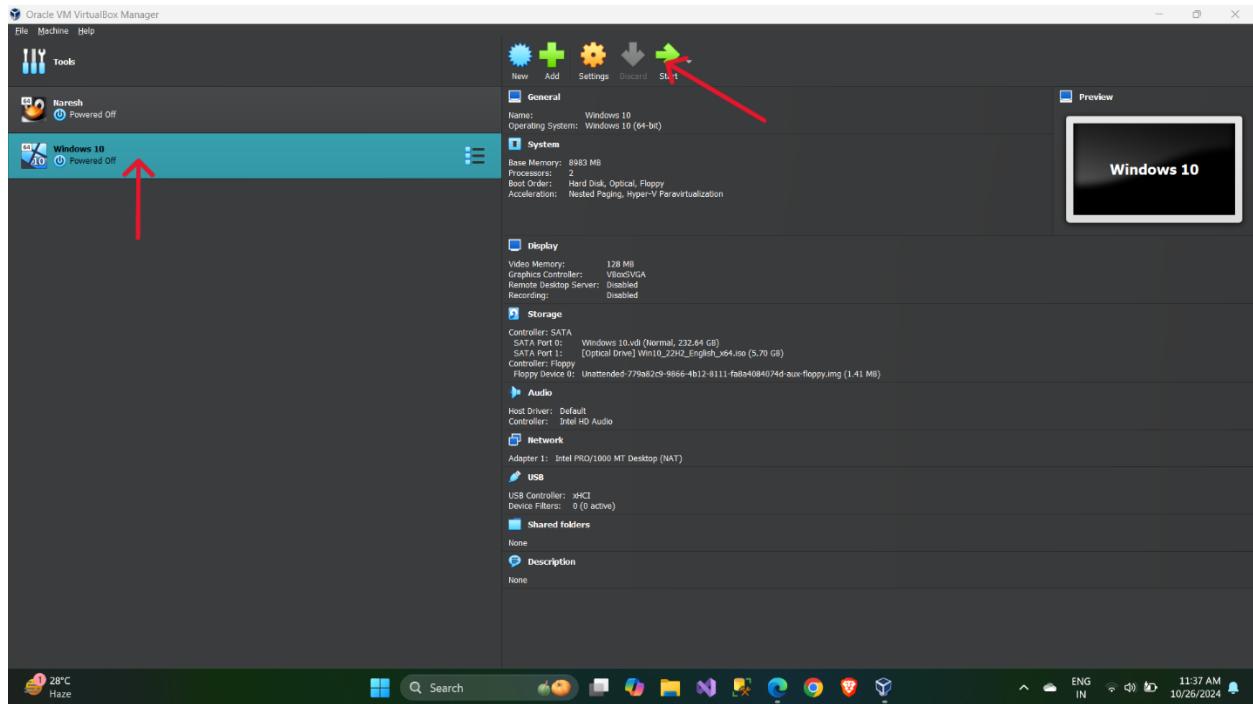

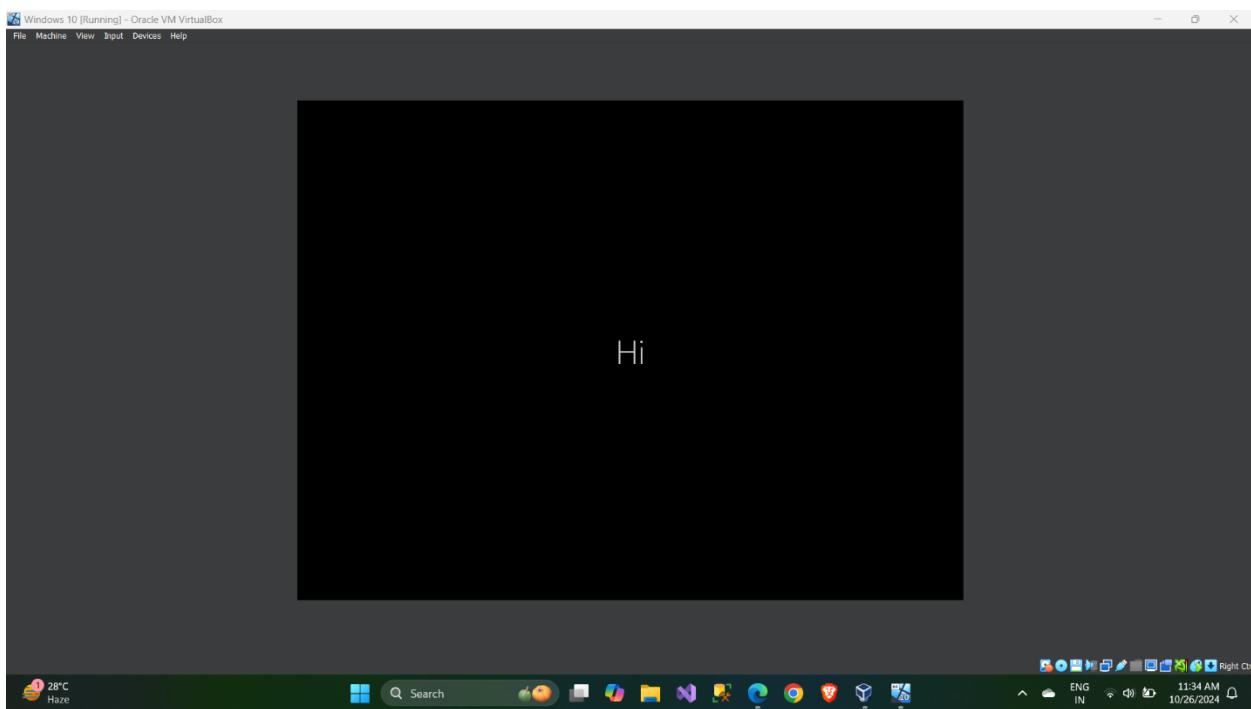

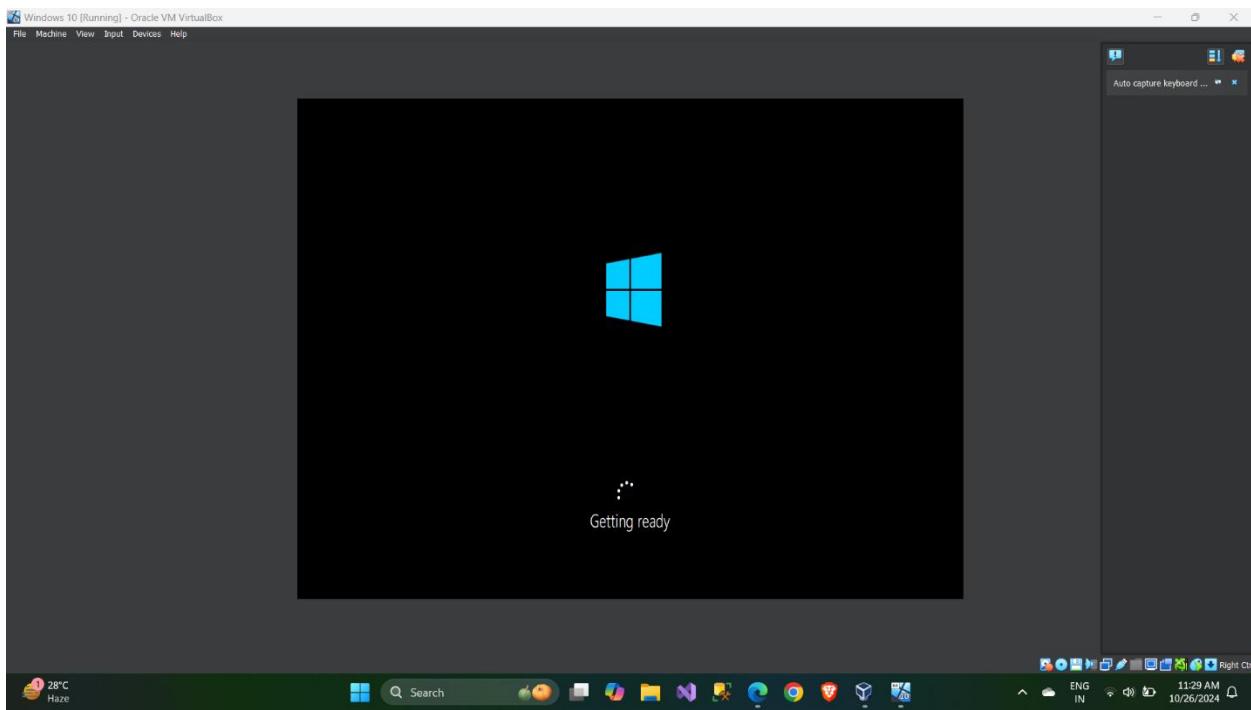

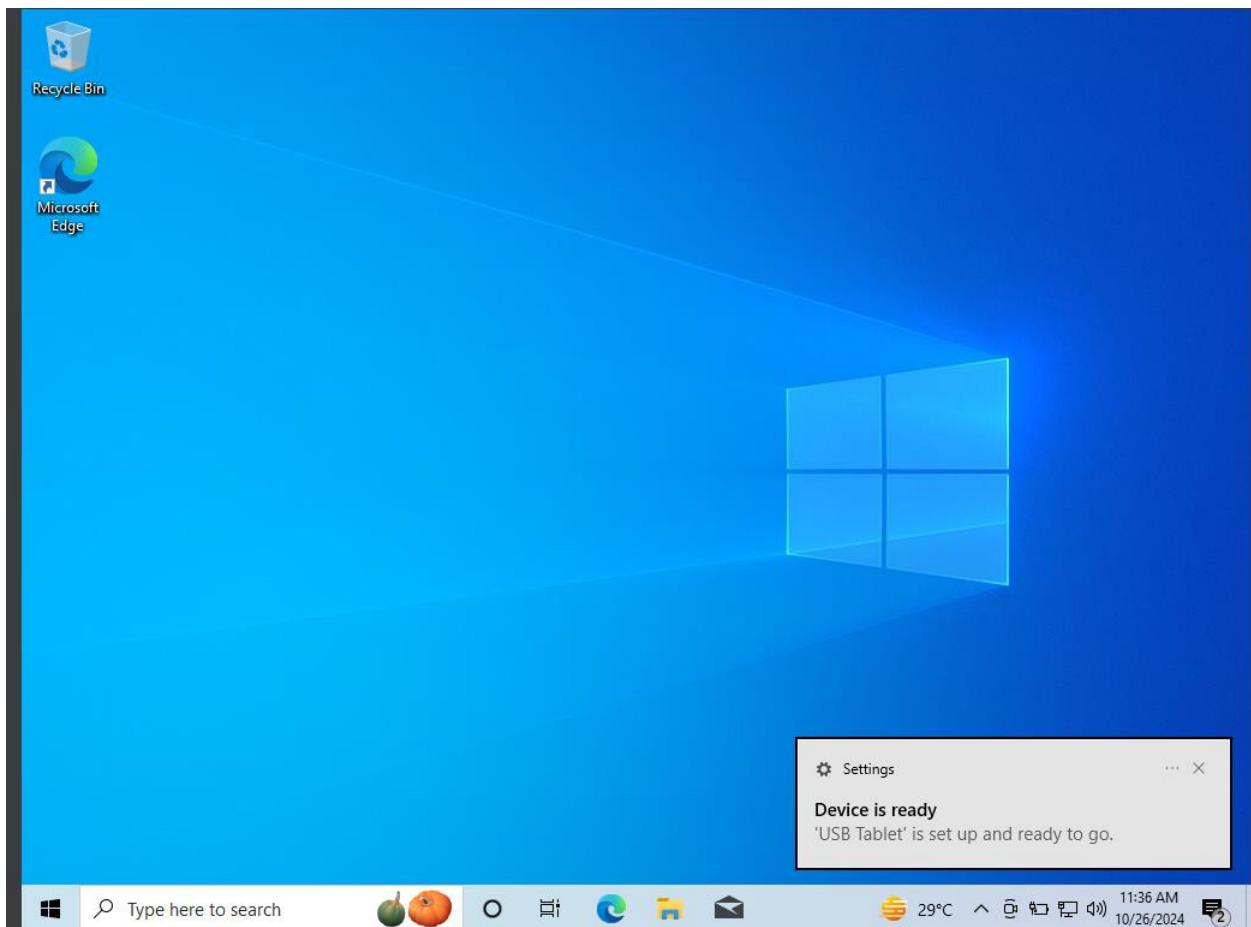

This might take several minutes

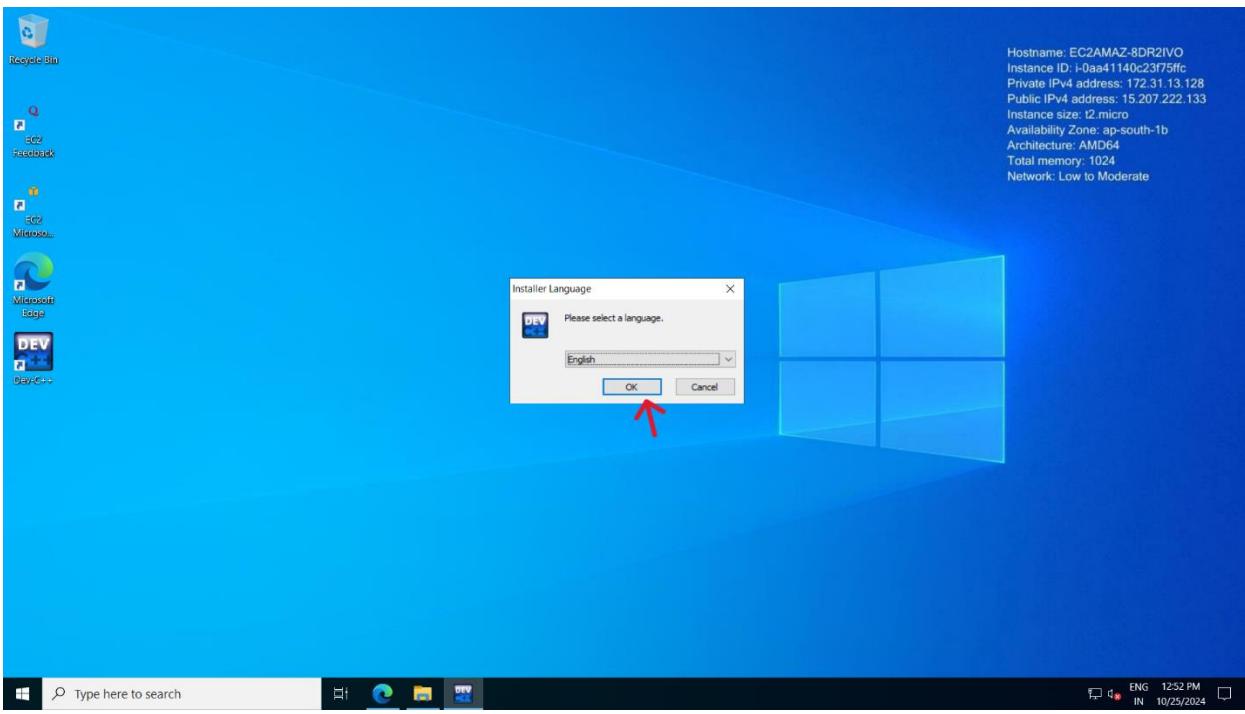

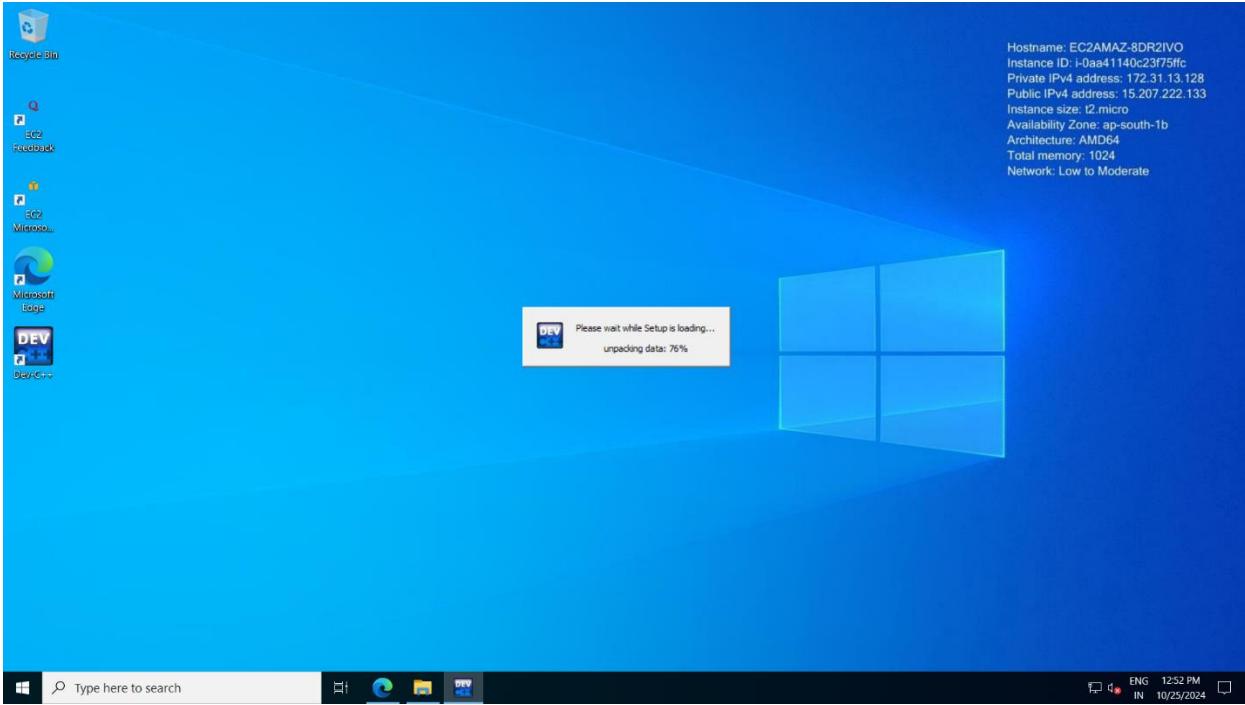

Don't turn off your PC

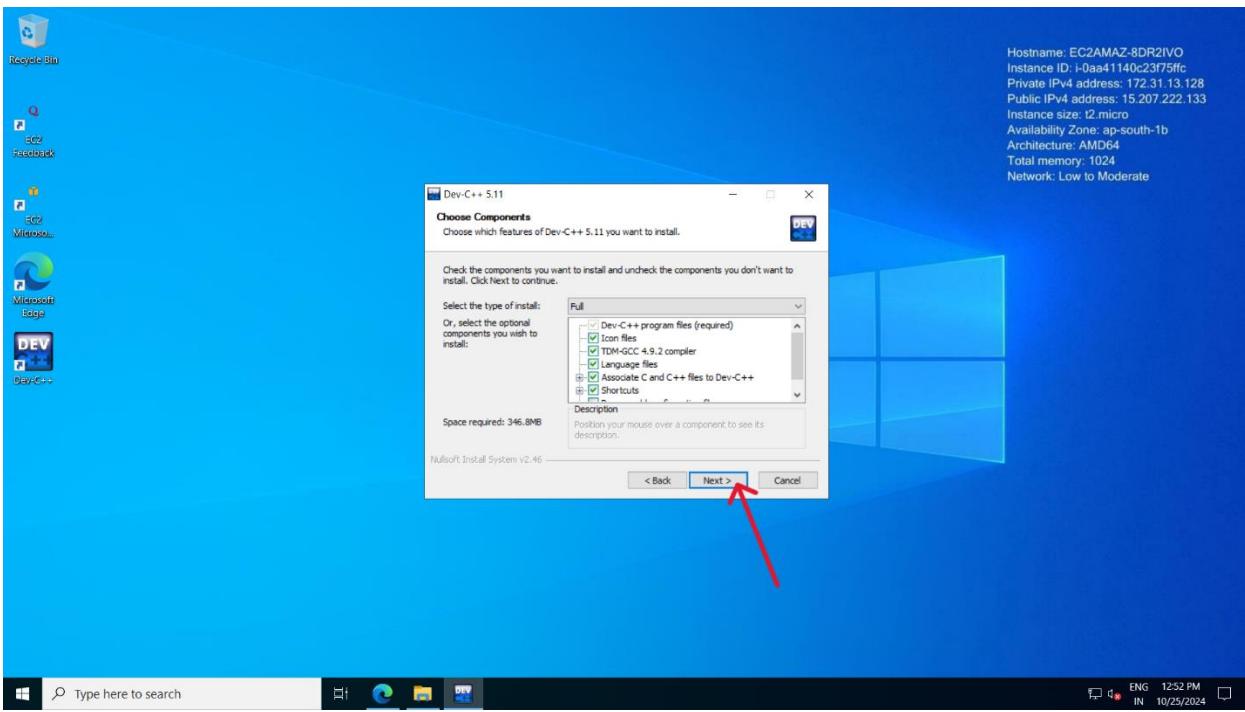

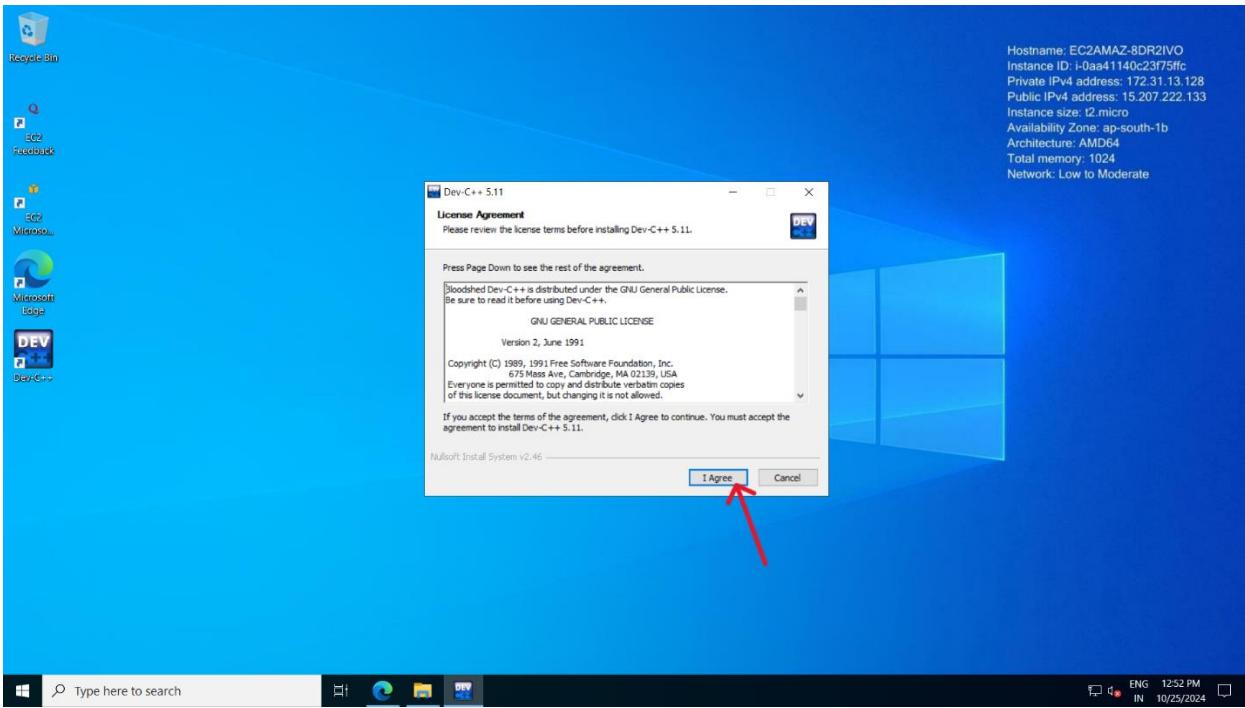

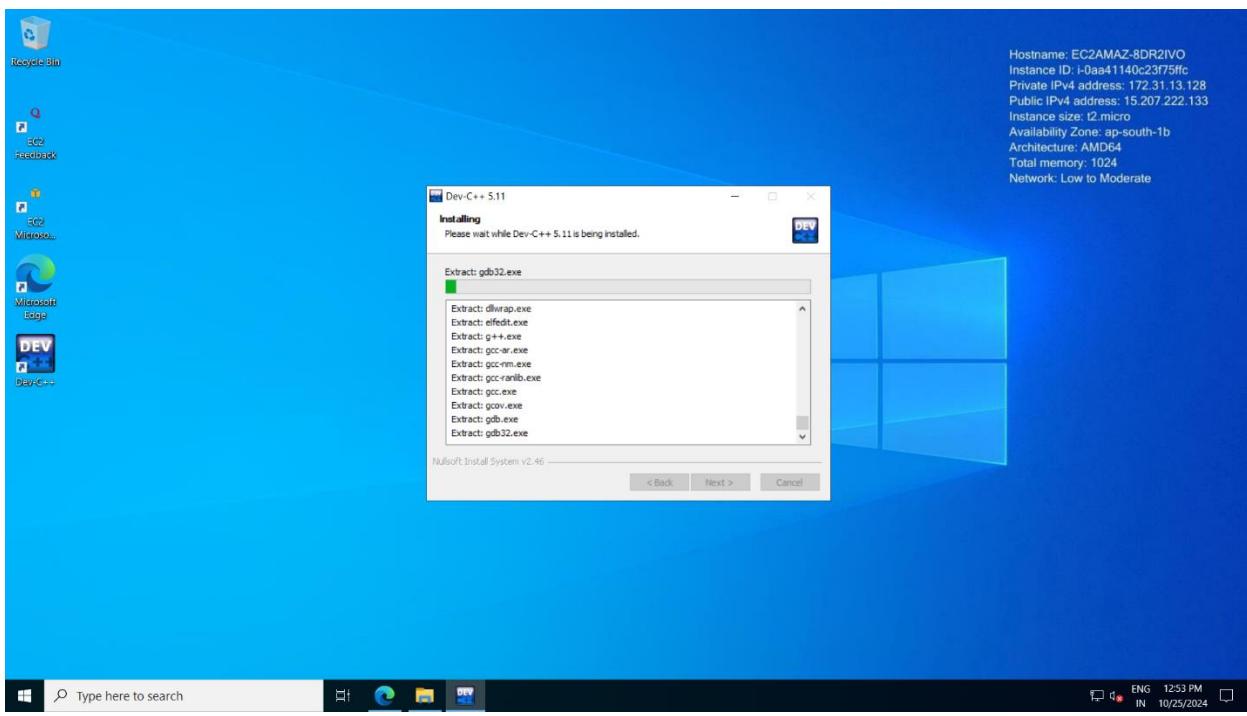

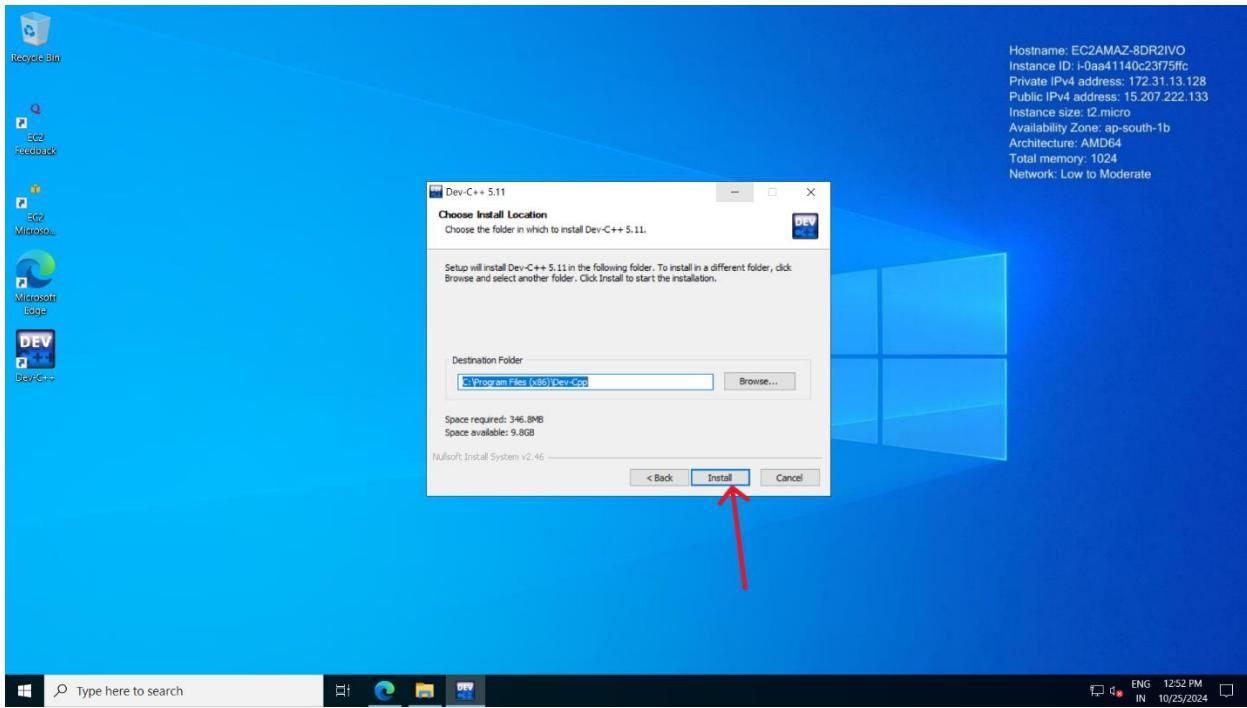

A screenshot of a Google search results page for the query "dev c++". The search bar at the top shows the query. Below the search bar, there are several search results. One result is from "SourceForge" with the title "Dev-C++ download". A red arrow points to this link. Another result is from "Embarcadero" with the title "Dev-C++ Overview - Free Tools". The right side of the screen features a "Dev-C++" software card with a large blue "DEV C++" logo, a screenshot of the IDE, and a "More images" link. Below the card, there is a brief description of Dev-C++ and its details: Programming languages: C, Delphi, Object Pascal; Developer: Embarcadero Technologies; Initial release: 1998; License: GPL-2.0-or-later; Operating system: Microsoft Windows. The bottom of the screen shows the Windows taskbar with various pinned icons and the system tray.

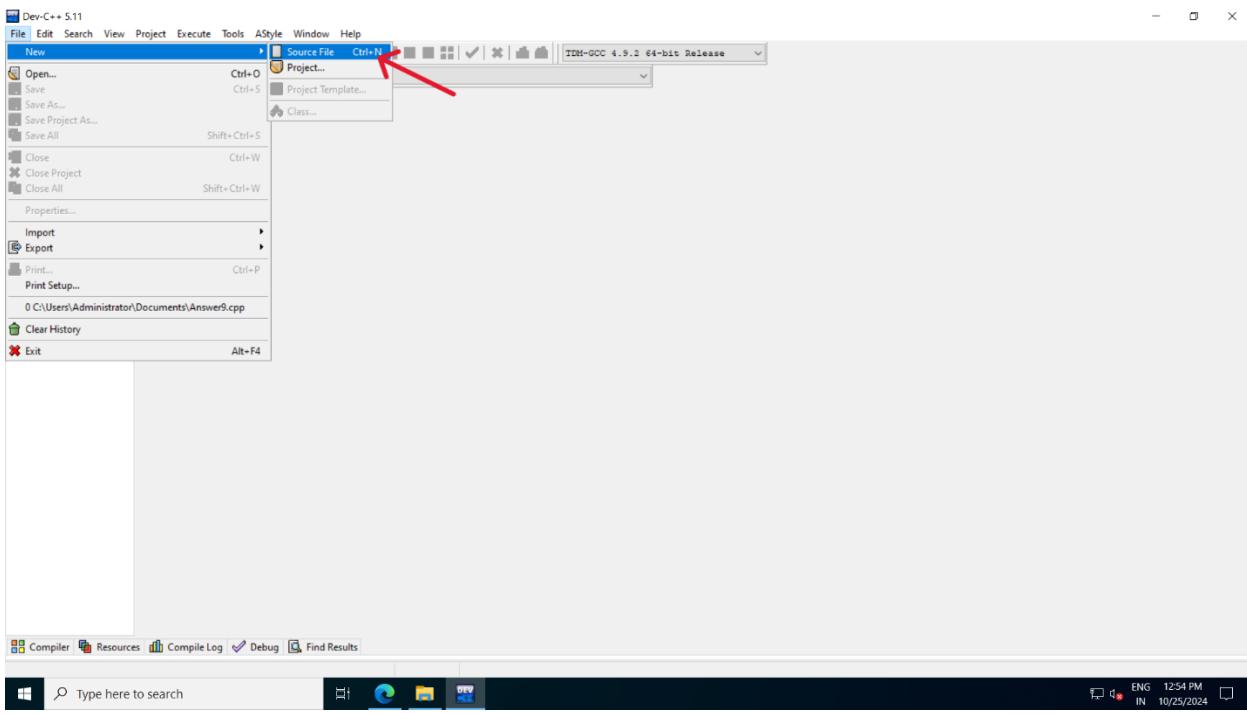

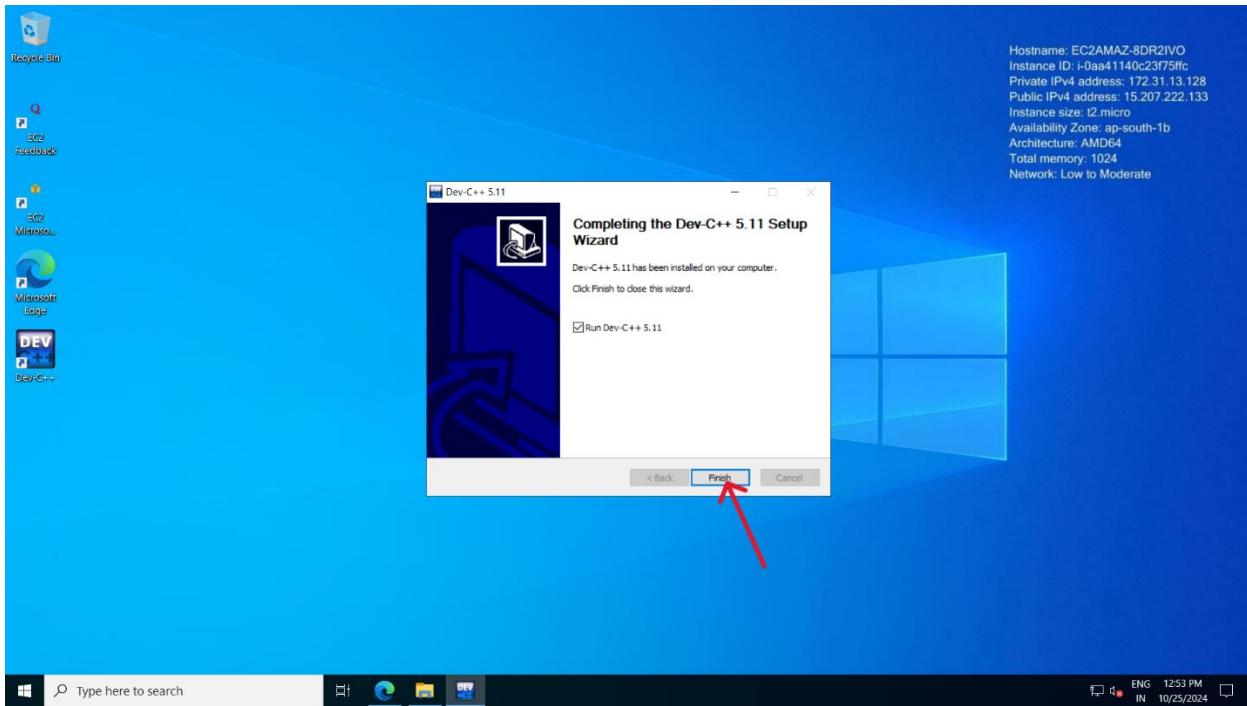

The screenshot shows the SourceForge project page for Dev-C++. At the top, there's a navigation bar with links for Open Source Software, Business Software, SourceForge Podcast, and Resources. A banner for 'Shift' is visible. Below the header, the project title 'Dev-C++' is displayed with its logo, followed by a description: 'A free, portable, fast and simple C/C++ IDE Brought to you by: orwelldevcpp'. It shows a rating of 4.5 stars from 143 reviews, 139,202 weekly downloads, and a last update date of 2016-11-29. There are buttons for 'Download', 'Get Updates', and 'Share This'. A green shield icon indicates a secure download. The page content includes a summary tab and sections for Features, Requirements, and screenshots. A URL https://sourceforge.net/projects/orwelldevcpp/files/latest/download is highlighted.

The screenshot shows a Windows File Explorer window displaying the contents of the 'Downloads' folder on Local Disk (C:). The folder path is 'This PC > Local Disk (C:) > Users > Administrator > Downloads'. A single file, 'Dev-Cpp 5.11 TDM-GCC 4.9.2 Setup', is listed. A red arrow points to this file. The file details are shown in a tooltip: Date created: 10/25/2024 12:25 PM, Size: 48.0 MB. The status bar at the bottom of the screen shows the system information: Hostname: EC2AMAZ-8DR2IV0, Instance ID: i-0aa41140c23f75fc, Private IPv4 address: 172.31.13.128, Public IPv4 address: 15.207.222.133, Instance size: t2.micro, Availability Zone: ap-south-1b, Architecture: AMD64, Total memory: 1024, Network: Low to Moderate.

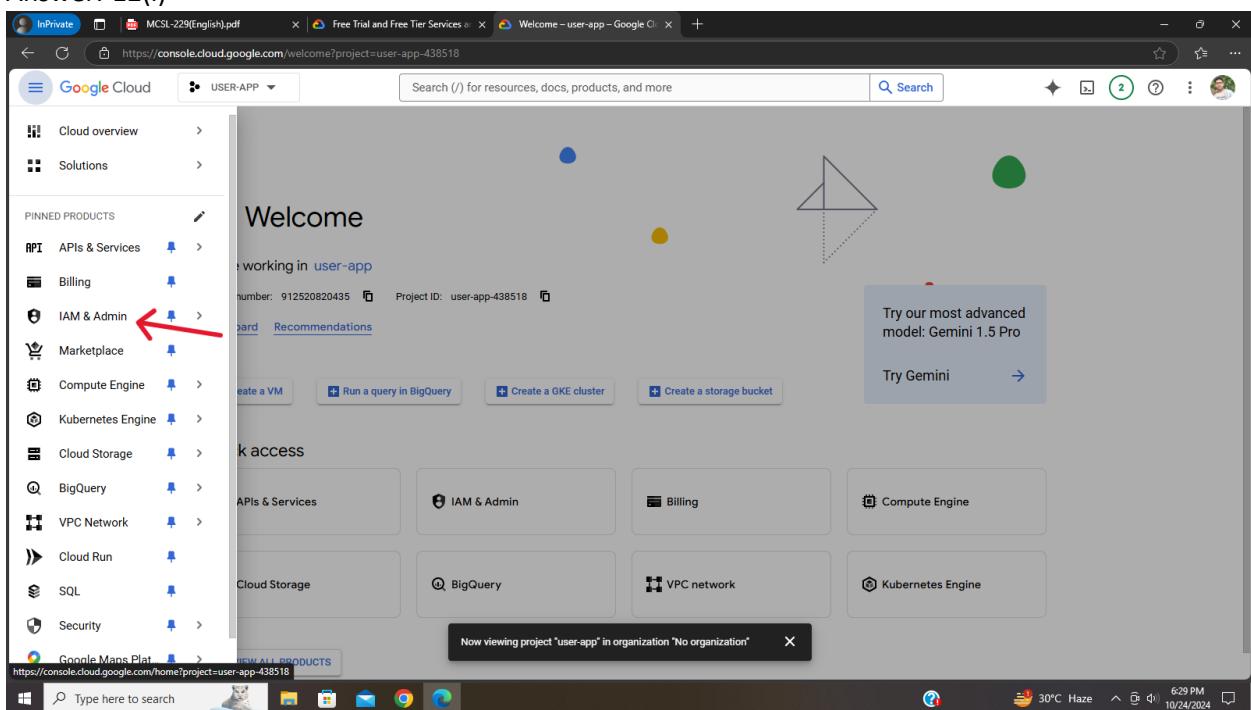

The screenshot shows the Dev-C++ IDE interface. The title bar reads "C:\Users\Administrator\Documents\Answer9.cpp - Dev-C++ 5.11". The menu bar includes File, Edit, Search, View, Project, Execute, Tools, AStyle, Window, Help. The toolbar has various icons for file operations like Open, Save, Build, Run, and Debug. The status bar at the bottom shows "Line: 1 Col: 1 Sel: 0 Lines: 23 Length: 437 Insert Done parsing in 1.422 seconds". The bottom taskbar has icons for Start, Task View, File Explorer, Edge, File Explorer, Task View, and Task View.

```
#include <iostream>
using namespace std;
int main() {
    // Declare variables
    int num1, num2, sum;
    // Ask for user input
    cout << "Enter first number: ";
    cin >> num1;
    cout << "Enter second number: ";
    cin >> num2;
    // Calculate the sum
    sum = num1 + num2;
    // Display the result
    cout << "The sum of " << num1 << " and " << num2 << " is: " << sum << endl;
    return 0;
}
```

The screenshot shows the Dev-C++ IDE interface with the title bar "C:\Users\Administrator\Documents\Answer9.cpp - [Executing] - Dev-C++ 5.11". The main window displays the output of the program: "Enter first number: 8", "Enter second number: 6", "The sum of 8 and 6 is: 14", followed by a process exit message. The bottom taskbar and status bar are identical to the previous screenshot.

```
C:\Users\Administrator\Documents\Answer9.exe
Enter first number: 8
Enter second number: 6
The sum of 8 and 6 is: 14
-----
Process exited after 5.4 seconds with return value 0
Press any key to continue . . .
```

Answer:-12(i)

The screenshot shows the Google Cloud IAM & Admin interface. On the left sidebar, under the 'IAM & Admin' category, the 'IAM' option is selected and highlighted with a red arrow. The main content area displays the 'Permissions for project "user-app"' page. It includes sections for 'ALLOW', 'DENY', and 'RECOMMENDATIONS HISTORY'. Below these, there are tabs for 'VIEW BY PRINCIPALS' and 'VIEW BY ROLES', with 'VIEW BY PRINCIPALS' currently selected. A 'GRANT ACCESS' button is visible above a table listing principals. The table has columns for 'Role / Principal', 'Name', and 'Inheritance'. It lists several entries, including 'Editor (2)', 'Compute Engine default service account', 'App Engine default service account', 'Owner (1)', and 'Naresh Kumar'. A checkbox for 'Include Google-provided role grants' is located at the top right of the table. A message at the bottom states 'Now viewing project "user-app" in organization "No organization"'. The browser address bar shows the URL <https://console.cloud.google.com/iam-admin/iam?project=user-app-438518>.

Answer: 12(ii)

The screenshot shows the Google Cloud Billing Overview page. The left sidebar has a 'Billing' section highlighted with a red arrow. The main area displays financial information: Total cost (₹13K), Credits used (₹13K), Forecasted total cost (₹0.00), and a 0% vs. September comparison. It also features a 'FinOps Hub with carbon tracking' section showing a score of 3.4/5.0 and a 'Billing health checks' section stating 'All issues resolved!'. A modal at the bottom says 'Enabling PAM API for this project...'. The top right has a 'Learn' button and a 'Recommended for you' sidebar.

This screenshot is identical to the one above, showing the Google Cloud Billing Overview page. The left sidebar shows the 'Billing' section. The main area displays financial information: Total cost (₹13K), Credits used (₹13K), Forecasted total cost (₹0.00), and a 0% vs. September comparison. It also features a 'FinOps Hub with carbon tracking' section showing a score of 3.4/5.0 and a 'Billing health checks' section stating 'All issues resolved!'. A modal at the bottom says 'Enabling PAM API for this project...'. The top right has a 'Learn' button and a 'Recommended for you' sidebar.

Answer:-12(iii)

The screenshot shows the Google Cloud Marketplace interface. On the left, a sidebar lists various services: Cloud overview, Solutions, APIs & Services, Billing, IAM & Admin, Marketplace (highlighted with a red arrow), Compute Engine, Kubernetes Engine, Cloud Storage, BigQuery, VPC Network, Cloud Run, SQL, Security, and Google Maps Platform. The main area displays the 'Retail' category under 'PINNED PRODUCTS'. It features three product cards: 'commercetools' (Type SaaS & APIs), 'FullStory' (Type SaaS & APIs), and 'LiveRamp' (Type SaaS & APIs). A search bar at the top says 'Search Marketplace'. A modal window at the bottom center says 'Enabling PAM API for this project...' with a close button.

This screenshot shows the Google Cloud Marketplace interface with a different filter applied. The sidebar remains the same. The main area now displays the 'Analytics' category under 'PINNED PRODUCTS'. It shows four product cards: 'commercetools' (Type SaaS & APIs), 'FullStory' (Type SaaS & APIs), 'LiveRamp' (Type SaaS & APIs), and 'Quantum Metric' (Type SaaS & APIs). Below the cards, there is a 'VIEW ALL (975)' link. On the left, a sidebar titled 'Your products' and 'Your orders' includes a 'Filter' section with a dropdown set to 'Type to filter'. Under 'Category', it lists Analytics (975), Big data (528), Business Applications (14), Contact Center AI (2), and Databases (437). Under 'Type', it lists Google Cloud Platform (45), SaaS & APIs (1,790), Virtual machines (1,718) (highlighted with a red arrow), Data (198), and Vertex AI (24). A 'VIEW ALL (192)' link is also present.

The screenshot shows two consecutive screenshots of the Google Cloud Marketplace interface.

Screenshot 1: Marketplace Search Results

The search bar at the top contains the query "ubuntu server 18.04 minimal os". The results page shows one item: "Ubuntu Server 18.04 Minimal OS" from "Cloud Infrastructure Services". A red arrow points to the product title.

Screenshot 2: Product Details Page

The URL is <https://console.cloud.google.com/marketplace/product/cloud-infrastructure-services/ubuntu-18-04-minimal?project=user-app-438518>. The page displays the "Ubuntu Server 18.04 Minimal OS" product details. A red arrow points to the "GET STARTED" button.

Product Details Summary

Ubuntu Server 18.04 Minimal OS
 Cloud Infrastructure Services

Faster, More Secure, Smaller footprint. Optimized for speed

Buttons: GET STARTED (highlighted with a red arrow), VIEW DEPLOYMENTS

Navigation: OVERVIEW (highlighted with a blue arrow), PRICING, DOCUMENTATION, SUPPORT, RELATED PRODUCTS

Overview Section

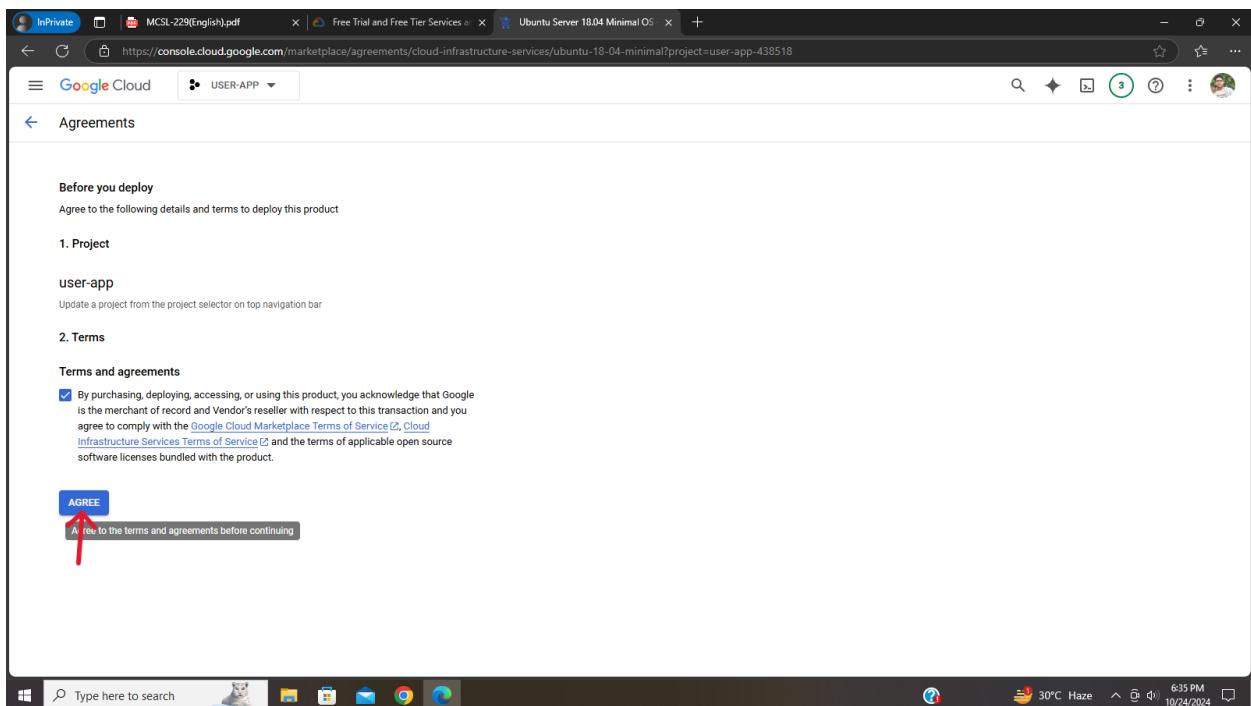

Ubuntu Server 18.04 Minimal OS

Minimal Ubuntu Server image is maintained by Cloud Infrastructure Services. Minimal server images are designed for automated deployment at scale. They use the optimised kernels and optimised boot process on their target compute substrate. These images have a greatly reduced default package set, without many convenience tools for interactive usage. They are much smaller, boot faster, and will require fewer security updates over time since they have fewer packages installed.

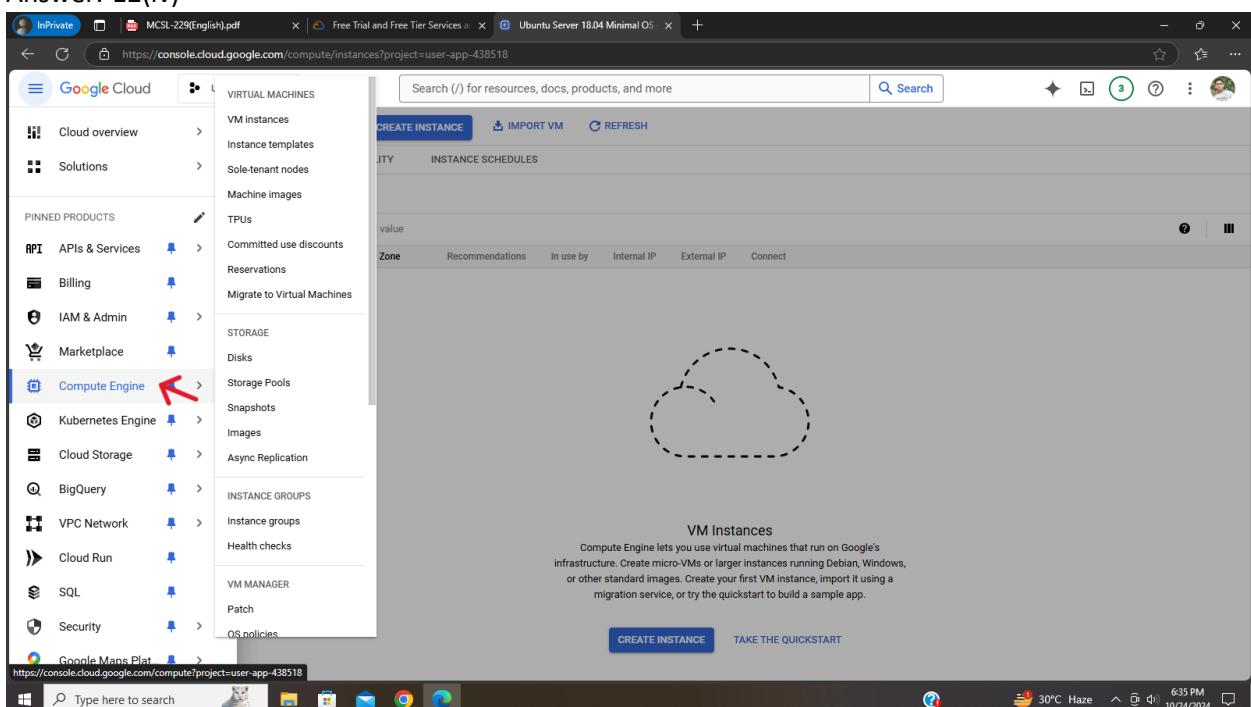

Minimal instances are not intended to be comfortable to use at the command line, but you can apt-get and snap install anything as usual, so on the occasions when humans do need to use them for debugging purposes, they can be made comfortable. The 'unminimize' command will install the standard Ubuntu Server packages if you want to convert a Minimal instance to a standard Server environment for interactive use.

Additional Details

- Runs on: Google Compute Engine
- Type: [Virtual machines](#), Single VM
- Architecture: [X86_64](#)
- Last product update: 5/25/24
- Category: [Compute](#), [Developer stacks](#), [High-Performance Computing](#), [Operating systems](#)
- Version: 0.0.2
- Operating System: Ubuntu Server Minimal 18.04 LTS

Answer:-12(iv)

The screenshot shows the Google Cloud Compute Engine interface. On the left, there's a sidebar with 'Compute Engine' selected under 'Virtual machines'. The main area is titled 'VM instances' and features a 'CREATE INSTANCE' button highlighted with a red arrow. To the right, there's a sidebar with 'Get started with Compute Engine' and several tutorial links.

The screenshot shows the 'Create an instance' wizard. The first step, 'VM basics', is selected. It shows fields for 'Name' (instance-20241024-130532), 'Region' (us-central1), and 'Zone' (Any). To the right, it displays a 'Monthly estimate' of '\$25.46'. At the bottom, there's a 'CREATE' button highlighted with a large red arrow.

Answer:-12(v)

The screenshot shows the Google Cloud Storage interface. On the left, the navigation sidebar lists various services: Cloud overview, Solutions, PINNED PRODUCTS (APIs & Services, Billing, IAM & Admin, Marketplace, Compute Engine, Kubernetes Engine, Cloud Storage), BigQuery, VPC Network, Cloud Run, SQL, Security, and Cloud Build. A red arrow points from the 'Cloud Storage' link in the sidebar to a context menu that is open over the 'Cloud Storage' section in the main content area. The context menu options are Overview (NEW), Buckets, Monitoring, and Settings.

Buckets

Name	Created	Location type	Location	Default storage class	Last modified
staging.user-app-438518.appspot.com	Oct 14, 2024, 12:08:42 AM	Region	asia-south1	Standard	Oct 14, 2024
user-app-438518.appspot.com	Oct 14, 2024, 12:08:40 AM	Region	asia-south1	Standard	Oct 14, 2024

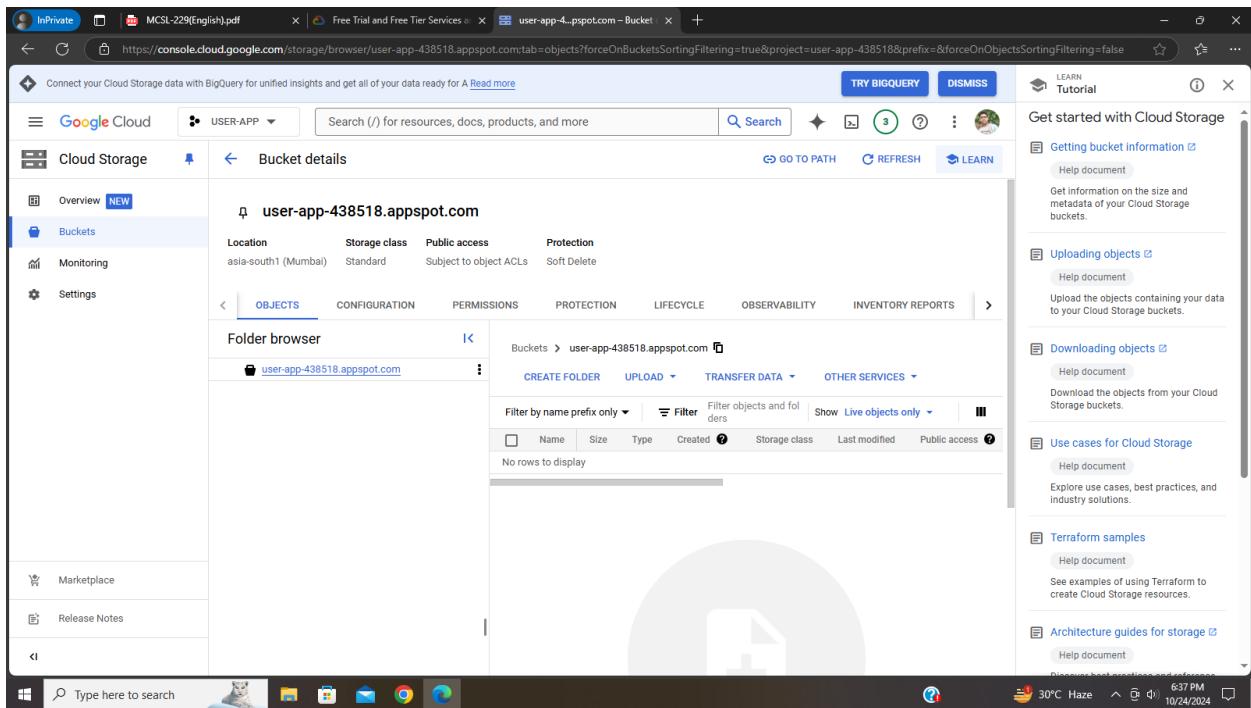

Cloud Storage

1 bucket selected

Name	Created	Location type	Location	Default storage class	Last modified
staging.user-app-438518.appspot.com	Oct 14, 2024, 12:08:42 AM	Region	asia-south1	Standard	Oct 14, 2024
<input checked="" type="checkbox"/> user-app-438518.appspot.com	Oct 14, 2024, 12:08:40 AM	Region	asia-south1	Standard	Oct 14, 2024

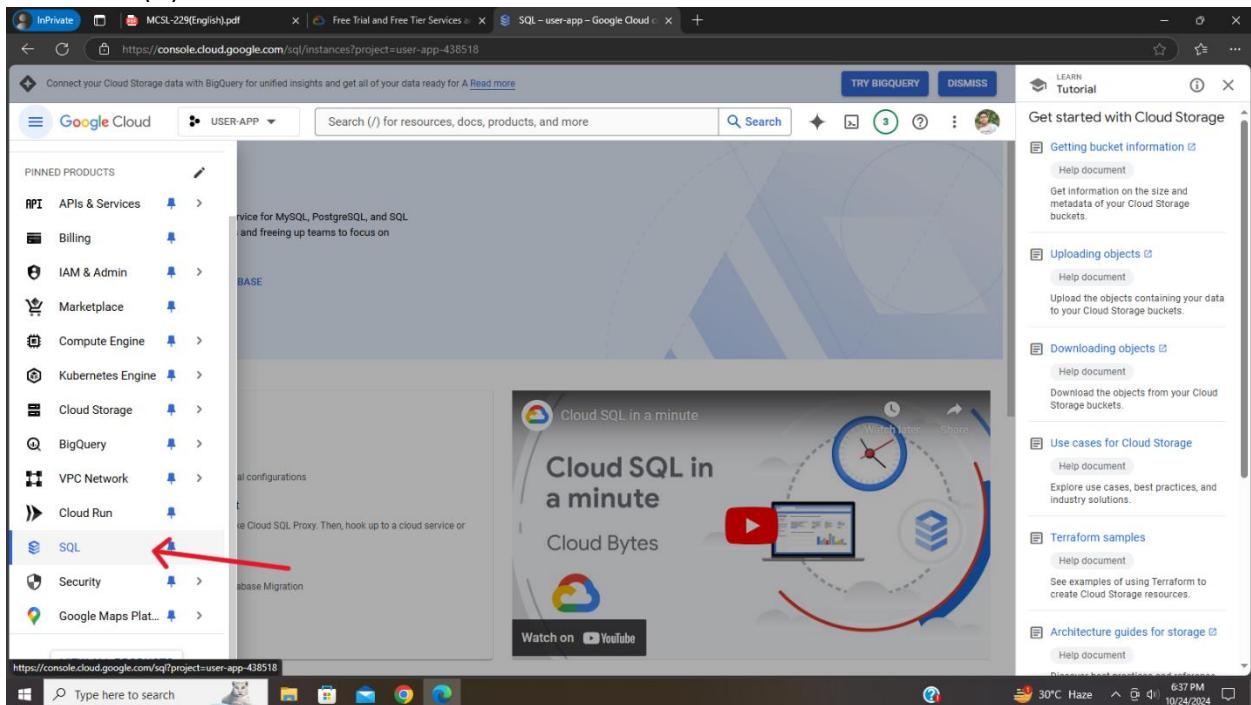

Get started with Cloud Storage

- Getting bucket information
- Uploading objects
- Downloading objects
- Use cases for Cloud Storage
- Terraform samples
- Architecture guides for storage

The screenshot shows the Google Cloud Storage interface. On the left, a sidebar menu includes 'Cloud Storage' (selected), 'Overview', 'Buckets' (selected), 'Monitoring', and 'Settings'. The main area displays 'Bucket details' for 'user-app-438518.appspot.com'. It shows the location as 'asia-south1 (Mumbai)', storage class as 'Standard', and public access as 'Subject to object ACLs'. Protection is set to 'Soft Delete'. Below this, a 'Folder browser' section shows a single entry: 'user-app-438518.appspot.com'. A large central area is labeled 'No rows to display'. To the right, a sidebar titled 'Get started with Cloud Storage' lists various topics like 'Getting bucket information', 'Uploading objects', 'Downloading objects', 'Use cases for Cloud Storage', 'Terraform samples', and 'Architecture guides for storage'. The bottom of the screen shows a Windows taskbar with icons for File Explorer, Task View, Start, Taskbar settings, and a search bar.

Answer:-12(vi)

The screenshot shows the Google Cloud SQL service page. The left sidebar lists 'PINNED PRODUCTS' including 'APIs & Services', 'Billing', 'IAM & Admin', 'Marketplace', 'Compute Engine', 'Kubernetes Engine', 'Cloud Storage', 'BigQuery', 'VPC Network', 'Cloud Run', and 'SQL' (which has a red arrow pointing to it). Other items like 'Cloud SQL', 'Security', and 'Google Maps Plat...' are also listed. The main content area features a large graphic for 'Cloud SQL in a minute' with a video player and a 'Watch later' button. A sidebar on the right titled 'Get started with Cloud Storage' contains links to 'Getting bucket information', 'Uploading objects', 'Downloading objects', 'Use cases for Cloud Storage', 'Terraform samples', and 'Architecture guides for storage'. The bottom of the screen shows a Windows taskbar with icons for File Explorer, Task View, Start, Taskbar settings, and a search bar.

Cloud SQL

Cloud SQL offers a fully-managed database service for MySQL, PostgreSQL, and SQL Server, reducing your overall cost of operations and freeing up teams to focus on innovation.

[CREATE INSTANCE](#) [MIGRATE DATABASE](#)

Steps to get started

- 1 Create an instance Choose your database engine and initial configurations
- 2 Set up networking and connect Explore networking security options, like Cloud SQL Proxy. Then, hook up to a cloud service or your local machine.
- 3 Move in data Import from Cloud Storage, or use Database Migration

The screenshot shows the AWS All services page. A red arrow points to the 'Compute' category in the Services by category section. The 'Compute' section includes links for EC2, Lightsail, Lambda, Batch, Elastic Beanstalk, Serverless Application Repository, AWS Outposts, EC2 Image Builder, AWS App Runner, AWS SimSpace Weaver, Parallel Computing Service, and Container services like Elastic Container Service, Elastic Kubernetes Service, Red Hat OpenShift Service on AWS, and Elastic Container Registry.

The screenshot shows the AWS EC2 Dashboard. On the left, there's a navigation sidebar with options like EC2 Global View, Events, Instances, Images, and Elastic Block Store. The main area displays 'Resources' for the Asia Pacific (Mumbai) Region, showing 0 instances, 0 auto scaling groups, 0 capacity reservations, 0 dedicated hosts, 0 elastic IPs, 3 instances, 1 key pair, 0 load balancers, 0 placement groups, 7 security groups, 0 snapshots, 0 volumes, and 3 snapshots. Below this is the 'Launch instance' section, which contains a large orange 'Launch instance' button with a red arrow pointing to it, and a note stating 'Note: Your instances will launch in the Asia Pacific (Mumbai) Region'. To the right, there are sections for 'Service health' (AWS Health Dashboard), 'EC2 Free Tier' (Info), 'Offer usage (monthly)', and 'Zones'.

The screenshot shows the 'Launch an instance' wizard on the AWS EC2 console. The first step, 'Set instance details', is displayed. A red arrow points to the 'Launch instance' button at the bottom right of the summary panel.

CloudShell Feedback

The screenshot shows the AWS EC2 console at <https://ap-south-1.console.aws.amazon.com/ec2/home?region=ap-south-1#LaunchInstances>. A green success bar at the top states "Successfully initiated launch of instance (i-0e1e89695859a0860)". An arrow points from the text "Successfully initiated launch of instance (i-0e1e89695859a0860)" to the success message. Below the success bar, there is a "Launch log" link. The main content area is titled "Next Steps" and contains four cards: "Create billing and free tier usage alerts", "Connect to your instance", "Connect an RDS database", and "Create EBS snapshot policy". Each card has a "Create [service] alerts" or "Create [service] database" button and a "Learn more" link. At the bottom, there are links for "CloudShell", "Feedback", and the AWS footer with copyright information.

The screenshot shows the AWS EC2 console at <https://ap-south-1.console.aws.amazon.com/ec2/home?region=ap-south-1#ConnectToInstance:instanceId=i-0e1e89695859a0860>. The title is "Connect to instance Info". It says "Connect to your instance i-0e1e89695859a0860 (New Instance) using any of these options". There are three tabs: "Session Manager" (selected), "RDP client", and "EC2 serial console". An arrow points from the text "SSM Agent is not online" to the "Session Manager" tab. A yellow warning box states: "SSM Agent is not online. The SSM Agent was unable to connect to a Systems Manager endpoint to register itself with the service." Below this, under "Session Manager usage:", there is a bulleted list: "• Connect to your instance without SSH keys, a bastion host, or opening any inbound ports.", "• Sessions are secured using an AWS Key Management Service key.", "• You can log session commands and details in an Amazon S3 bucket or CloudWatch Logs log group.", "• Configure sessions on the Session Manager [Preferences](#) page." At the bottom are "Cancel" and "Connect" buttons. The AWS footer is at the bottom.
